Fire strikes mobile home, loss total

A fire of unknown origin completely destroyed a mobile home on the Otter Lake Road near Wilberforce late Sunday afternoon.

Owners, Don and Valerie French and their two children were not home at the time of the blaze. The fire was noticed by a neighbour, who put in the call to Monmouth volunteer firemen.

Equipment arrived on the scene within minutes of the call, but the fire was already burning out of control.

The family lost all of their possessions.

Fund raising efforts to help the family are already underway in the community.

Stanhope agrees to consider selling airport

Stanhope council has agreed to give "further consideration" to the possibility of selling the municipality's airport to private concerns.

The matter surfaced last week when Jim McLean, owner/operator of Air Haliburton attended council to put forward the request.

McLean said only that an unnamed group of individuals would be interested in purchasing the airport if a mutually agreeable price could be struck.

Council was clearly taken aback by the request, the first of its kind that has ever come forward. But they agreed to mull it over before making any firm decision.

No move to sell the airport seems likely until more is known about the group of would be purchasers and the use to which they propose to put the facility.

Minden reeve granted raise of \$500 per year

Anson, Hinton and Minden reeve Sinc Nesbitt received a \$500 per annum raise last week, as voted by council.

Councillor Stu Brandon originally suggested giving Nesbitt the raise because of the additional workload he must cope with as reeve. Brandon said the spread between the salaries of the councillors and the reeve is not large enough.

In raising the reeve's salary, the rest of council agreed to forgo wage increases for themselves, thereby increasing the wage difference.

As reeve this year, Nesbitt will earn \$4,250, up from last year's \$3,750. Deputy reeve Doug Pritchard will earn \$2,875, while councillors Len Lonsberry, Lyle McKnight and Brandon will receive \$2,625.

The raises are effective immediately.

Dysart firemen were called to the home of Ross and Isabel Keefer on Park Street in Haliburton Village Tuesday morning to fight a stubborn fire in the upper

storey of the house. The home was heavily damaged before the blaze was brought under control. Here fireman Miles Maughan sprays water into a dormer.

Full slate of outdoor events planned to involve community

Weather could affect Minden Carnival

If the weather co-operates, this year's version of the Minden Kinsmen Winter Carnival just may turn out to be the best one yet. A full slate of activities has been planned to involve the community in the spirit of fun and competition surrounding the three day carnival. Included will be snowmobile and car races, log sawing, pole climbing, arm wrestling, tug of war, broomball and a host of other events.

Activities get underway Friday, January 25 and continue through Sunday, January 27.

At 6 p.m. Friday, curlers from clubs far and near will square off to begin the three day carnival bonspiel. At 7 p.m. the winner of the carnival queen contest will be announced in the arena, and a figure skating demonstration staged by the local club will follow.

At 8 p.m. a sock hop for teenagers will be held, and for adults, the Crowe's Nest lounge will open in the arena

auditorium.

Saturday is the biggest day of the carnival, with action getting underway in the arena at 8 a.m. when the first

game of the Novice Tournament will be held.

Curling resumes at nine, and from 10 a.m. to 4 p.m., the Kinsmen's ice track will

Hawk Lake by-pass road will not be plowed, county tells Stanhope

The county's road committee has told Stanhope council that the new Hawk Lake by-pass will not be

plowed for the rest of the winter. Instead, only the old road skirting Hall's Lake will be serviced.

And the arrangement which the county road committee apparently hoped would pressure Stanhope into accepting the old road into its municipal road system, suits Stanhope council just fine, thank you.

At its December meeting, the roads committee passed a resolution, signed by Sinc Nesbitt and Keith Tallman, stating that "it was assumed that when the Hawk Lake by-pass was constructed, the township would assume the old road."

Ratepayers living on the old road have indicated that they do not want it closed even when it is assumed into the municipal road system. And Stanhope council has said it will not consider assuming the road until repairs have been carried out by the county to bring the road up to municipal standards.

"It's still their road," reeve Jim Harrison said. "But when they put the culverts in, I can't see why we couldn't take it."

Harrison agreed with Davis that the county committee appeared to be "trying to pass something over on us."

In response to the resolution, council noted that it would consider assuming the road once it is repaired, or once the total by-pass is completed.

Registration for Sir Sandford Fleming College winter courses in the Haliburton area is going "really well" according to registrar Susan Little.

Response to the recreational swimming program has been "overwhelming" Little said, while most other courses are filling up quickly.

Dozens of people have been put on the waiting list for the swimming program, which has an enrolment limited to 20. Efforts were made to secure a second time slot at

Expropriation plans upset ratepayers

Minden council asks MTC to compromise

A Ministry of Transportation and Communications plan to expropriate certain properties on Highway #121 is still meeting with opposition from Anson, Hinton and Minden council.

Last Wednesday, at their regular meeting, council met with three representatives from the Ministry to discuss the problem, which stems from the MTC's announcement that they were expropriating land for improvement to Highway 121. The move could seriously devalue and restrict lots upon which ratepayers are now living.

At least two property owners are affected by the proposed expropriation, and, according to by-law enforcement Dick Schell, others will also experience difficulties with devaluation and zoning status. The loss of land can put the two owners, Eldon Bull and Albert Cox, in a precarious position with the municipality, since any property less than an acre in size cannot be built upon according to the restricted area by-law. The properties are currently zoned legal non-conforming.

Sinc Nesbitt, reeve, told the representatives that council "is not happy with the proposal" and what it could do to the properties. He said the main concern was that the Ministry is taking property in an area where an alternate route could be found. He suggested the Ministry re-align the highway to the opposite side of the road, where land could be expropriated without affecting any property owners.

"We're concerned that you're taking property and a well and there is nothing on the other side (of the road). If you pick up that land, you'll make the lots too small and hard to live on."

The land opposite the affected properties consists of a large hill which the Ministry claims would be too costly to remove. They have proposed to purchase property adjacent to Bull's and Cox properties, and maintain them in return for the expropriated land. But Nesbitt insisted that the Ministry "will still be building on their doorstep."

Stuart Combie, spokesman for the MTC, said he was under the impression that the issue was the lot size created by the expropriation. Councillor Stu Brandon pointed out

that the only grounds the municipality had to call the meeting was the contradictions between the restricted area by-law and the Ministry's plans, but said the "moral reason is where the highway goes."

Though Combies cited expense as the Ministry's excuse for not using the south route, he said they were "willing to come up with a price for that re-alignment, look at it and give you (council) a rational reason for doing it."

Nesbitt argued that "you

can't figure in dollars" what the inconvenience and cost to the families would be. Combie replied that "if it were just a case of a couple of thousand dollars, it wouldn't matter." He stressed that additional costs to the project would be significant.

The representatives agreed to calculate the additional costs for the alternate route, and said they would inform council of the figure as soon as possible. Nesbitt said the municipality will inform the property owners of the decision.

Nesbitt wants county council to stop paying out wolf bounty

Anson, Hinton and Minden reeve Sinc Nesbitt wants the wolf bounty in Haliburton County stopped.

The reeve made the comment following the appointment of Dick Schell, by-law enforcement officer for the municipality, as bounty officer. Nesbitt said he felt the bounty should be stopped because trappers are paid at the taxpayer's expense to shoot wolves, and that the concept is wrong both from an environmental and social standpoint.

"I think it's crazy as hell that the taxpayer is subsidizing a trapper," he told council at their regular meeting last Wednesday. "It's the Ministry of Natural Resources problem. Let them handle it."

Council agreed to ask the county to review the deposits currently paid to bounty recipients. Nesbitt said he will opt to eliminate the bounty

completely and seek to save the \$1500 spent annually on the killing of the wolves. "This bounty should be discussed because we're sure losing money on it," said Nesbitt. Currently, the county pays \$25 for each fur received. Commercially, the furs could sell up to \$100 each.

Schell told council that each fur loses 25% of its value when it is marked with a slit between the eyes, rather than a punch, normally used commercially. The markings are used for identification purposes, and Schell said the county currently uses the slit, thus reducing the commercial value of the fur.

The thief or thieves who broke into the Good Medical Centre last Tuesday night or early Wednesday morning escaped with drugs valued at \$24 and \$174 in cash. But a steel door and a concrete block wall prevented them from gaining entry to what may have been their primary target, Haliburton Pharmacy. Police say the medical

centre was entered through an unlocked basement window. An interior window was smashed to gain access from the stairwell to the doctors' waiting room. Offices were entered and a small quantity of drugs and cash were removed.

The thief or thieves also attempted to enter Haliburton Pharmacy. Cont'd. page 2.

Block wall foils thief inside medical centre

Duchess, a three-year old German Shepherd, will accompany watchman Garnet Sedgwick on his evening rounds at Haliburton Highlands Secondary School. The dog, the Board of Education says, will act as a protector for Sedgwick and as a deterrent for vandals and thieves.

Board of Education buys watchdog as deterrent for would-be thieves

If vandals or thieves get any ideas about breaking into Haliburton Highlands Secondary School again, Duchess will make them think twice.

She's a three year old German Shepherd that has recently been purchased by the Haliburton County Board of Education. Her purpose: to provide protection for Garnet Sedgwick, the school's

watchman, in addition to being an effective deterrent for vandals or thieves.

After the last series of break ins at the school, which occurred about a month ago, the board decided Sedgwick should be accompanied by a watchdog during his rounds in the halls. Sedgwick, who also looks after and keeps the dog, said he could have "easily" come across the

vandals who broke in last month, as he was only minutes behind their departure from the school.

Sedgwick says he "really likes" looking after Duchess, and admits that she has been a comforting companion during his strolls through the school's halls in the evening. "I never had a dog before," Sedgwick said, "I think it's great."

Cross country trails are almost bare

The weather this week

The following summary of weather and skiing conditions across the county, provided by the area climatologist, will be a regular feature in the Echo in succeeding weeks. The information is valid as of Monday.

Daily temperatures during the past week ranged from a high of 7 degrees Celsius to a low of -22C. Snowfall amount to 50.4 centimetres, while a total of 33.8 millimetres of rain fell. Average Ph of the rainfall was 4.4, which is about average for the area.

At present, snow depth ranges from a minimum of 5 centimetres in the southern half of the county to a maximum of 30 centimetres in the north western townships.

Frost has penetrated the ground to a depth of 16 inches.

Cross country skiing conditions are rated as very poor, with only two miles of trails considered skiable.

Snowmobile trails remain unuseable due to lack of snow.

Above average temperatures are expected over the next seven days, and snowfall is expected to be below normal over the same period. Rain is forecast later in the week.

Stanhope persuues assessment change

Stanhope council has agreed to move the municipality a step closer to equalized assessment for the 1981 taxation year.

At a meeting last Wednesday, council voted to ask the Minister of Revenue to complete a study that will show the dollar impact of equalized assessment within the municipality. Completion of that study, which is not expected for several months, will allow

Minden endorses OHRP program

Anson, Hindon and Minden council will once again be applying for funding from the Ontario Home Renewal Program (OHRP).

The program helps residents offset costs of home improvement by providing a percentage for insulation and repair expenses. The response to last year's program was deemed favourable by council.

Thief foiled

from page 1

ton Pharmacy by drilling a hole in a steel door, and by breaking through gyprock wall covering. They were stopped by a concrete block wall between the buildings.

Police speculate that cash, rather than drugs was the motivation for the breakin.

The incident remains under investigation.

Weather could affect Minden carnival

from page 1

there will also be cross country skiing beginning at 10 a.m.

Shortly after noon the parade will wind its way down main street to the arena, and at one p.m. snowmobile drag races are set to go. The Crowe's Nest also opens at one, a snowmobile safari sets off, and arm wrestlers will begin to test their strength against each other.

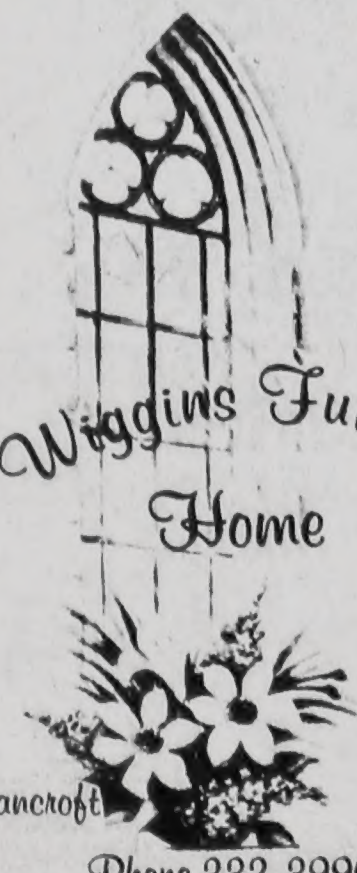

The official opening ceremonies will be held at 2 p.m., and at 2:30 tube races, obstacle races and a log sawing contest will keep crowds happy outside the community centre.

At 3:30, snowshoe races will be held, along with a tug

The government will pay you up to \$500 to re-insulate your house!

1979 has been 'a trying year' reeve Sinc Nesbitt maintains

For all the trials and tribulations, criticisms and anxieties that have marked their first year together, Anson, Hindon and Minden council members appear to have weathered the storm.

At least, that's council's opinion. After their regular meeting last Wednesday, The Echo asked council how they felt the year went for them and the municipality, and what they foresee for 1980.

All the councillors expressed their personal satisfaction at working with the rest of council, and despite often trying circumstances, felt the council as a whole met the challenges they faced. Councillor Stu Brandon, who is in his first term as councillor, spoke of the council as a learning experience. Brandon said finding out about various elements of municipal government presented him with a new view of the inner workings of politics.

But reeve Sinc Nesbitt, in his first term as reeve of the municipality and his 13th year as a municipal politician, had the most to say about the past year. He called 1979 "a very trying year" and a time which he claims was particularly "tough". Nesbitt said he attributes this to a cut-back in grants to municipalities.

Nesbitt admitted that he made some mistakes, but said he, and council, would continue in their endeavours to stabilize the tax base while encouraging and nurturing growth within the community. "It's been difficult trying to understand the different channels to create the growth," he said.

"I certainly have enjoyed working with them (members of council)," said Nesbitt. He thanked Elinor Burke, clerk, for her patience and "good work" during the year.

NON-SMOKERS CAN BREATHE EASY ON INSURANCE

If you don't smoke, the chances are we can save you money. As an agent for Maplex General Insurance, we offer lower-than-average rates on car insurance and on homeowner and tenant policies. Why the savings? Because statistics prove non-smokers are generally more responsible people. So why should they get burned on their insurance?

and The Times, about the way in which they presented the municipality's road situation.

"Both of the papers sat here in March when we told the representatives that we didn't have enough dollars to take care of our needs." He added that the papers neglected to cover that fact in any of the stories dealing with the municipality's roads.

Nesbitt added that he felt the municipality is "now more than half-way home" to establishing an effective road management program next year.

As for the proposed library art gallery project, Nesbitt said he and council will attempt to "make a real effort to build it this year."

Zone time limit impossible: OMB

A by-law setting a period of time in which a parcel of property must be used commercially is impossible to implement a planning administrator with the Ontario Municipal Board has told Anson, Hindon and Minden council.

The by-law proposal was discussed at last December's council meeting, when councillor Stu Brandon said he was concerned that commercial property owners can have their properties re-zoned commercial, and not have any obligation to build an establishment. Council wrote to the O.M.B. to find out if a by-law could be imposed to force the owner to build within two years. Failure to do so would mean the property would return to its original zoning.

"In this way council would have better control over developer's rezoning a piece of property for speculation purposes," clerk Elinor Burke wrote to the board.

But according to a reply received by council last week, the general view accepted is that a municipality cannot pass a by-law for a limited time or subject to conditions.

"However," the letter added, "you could require

the applicant to file plans for the proposed building with the building department and then enact what is generally called a site specific by-law."

The by-law would incorporate enough of the details, in order that the applicant would have to build according to the original plans.

Council made no firm decision on the issue.

Dick Schell now sergeant

Dick Schell, by-law enforcement officer for Anson, Hindon and Minden, has been promoted to the rank of Auxiliary Sergeant within the district's Ontario Provincial Police Auxiliary Unit.

The promotion became effective as of January 1. Schell has been acting as temporary district sergeant for the last

four months.

The Auxiliary OPP assists the regular force in patrolling, crowd and parade control and courtroom duties which otherwise would be done by a regular constable. Much of the Auxiliary officer's time is devoted to training as well. The job is strictly voluntary.

Karen Henderson and Pat Burk with a mountain of empty cigarette packages

Will it all go up in smoke?

Karen Henderson gathered 55,000 cigarette packages to help buy a wheelchair - but it may have been in vain

Karen Henderson of Haliburton is hoping her plans don't go up in smoke.

After collecting 50,000 empty cigarette packages, with the help of friends, acquaintances and Extender residents, Henderson is desperately hoping that an organization, somewhere, will exchange them for a wheelchair she wishes to donate to the residents of the nursing home. If they don't, her collecting efforts could be put to the torch.

Sound confusing? Well Karen Henderson and her Extender assistants are just as perplexed. The collecting began in August when Henderson was asked by a friend in Oshawa to keep all her empty cigarette packages. Asked why, the friend said that after collecting 50,000 of the cardboard containers, a service club in Toronto would exchange them for a wheelchair, which her father living in a nursing home could use.

Henderson began her own collection here in Haliburton, and by the time December rolled around, she had met her quota, with packages being sent in from all over Ontario, and from Vancouver. Some children even collected the boxes along roadsides.

But it's all beginning to look like a hoax, as Henderson has since discovered thanks to the help of the Toronto Star's Star Probe. After writing to the paper asking for help in locating the donating source, the Star answered with a copy of a similar story concerning a collection of tin foil from cigarette boxes. The task, started by an innocent rumour, snowballed and resulted in several people holding on to thousands of bits of tin foil. The exercise was called a hoax.

But Henderson refuses to give up hope. She's hoping someone, somewhere, will take the packages for a wheelchair. She was tracking down one more lead at press time, and hopes this story may attract someone who is familiar with the program.

But if an address isn't found, or if an organization doesn't step forward, Henderson says "we'll have a little bonfire some night," because the packages are taking up space in the nursing home's garage.

And after collecting all those packages, which once contained \$55,000 worth of cigarettes (over one million smoked) Karen Henderson and her collection crew, will be hard-pressed to light those boxes. All they want is a wheelchair.

Parks Canada gives the go ahead, with four conditions

Stanhope gets okay to use bridge; finally

The long sought permission has come for Stanhope township fire vehicles to use Buttermilk bridge, but the township will still have to hire a consulting firm to find out if the bridge can safely hold the load.

In a letter read at council's regular meeting last Wednesday, Parks Canada said municipal fire vehicles, could use the bridge, which has been closed since early last year, as long as four conditions were met.

The first of these is that "the use of the bridge will be at the sole risk, cost and expense of the township."

Second condition is that the bridge will "remain closed at all times to public use."

The township must also erect and maintain the necessary barricades to prevent public use of the bridge, and to meet repair and maintenance costs to keep the bridge in useable condition.

Permission to use the bridge caps months of queries from council to various government agencies to determine who has jurisdiction over the structure.

Township fire vehicles have long used the spot adjacent to Highway 35 for refilling water tanks, and use

of the bridge was considered important to minimize turn-around time for firefighting, especially in winter.

But the condition of the bridge remains a question mark. Officials of the Ministry of Transportation and Communications have told council that no engineering

study on the structure is available.

Council must now obtain an appraisal of the bridge's condition, and has asked clerk Gerald Bain to obtain estimates from a consulting firm.

Patrick Daniel to run again for NDP

Patrick Daniel, candidate in the last federal election, has once again been given the nod by the New Democratic Party in the riding of Victoria Haliburton.

Daniel was unopposed at the party's nomination meeting Sunday in Lindsay.

In his acceptance speech, Daniel attacked the performance of the Conservative government, noting that the no-confidence vote which brought down the government "seems to have expressed the mood of the Canadian people."

"How can we have confidence in a government that waits five months to call Parliament into session after telling us that the economic problems of the country require urgent attention?"

Daniel asked "how can we have confidence in a Prime Minister who makes an unrealistic promise during an election campaign - to move a Canadian Embassy in a sensitive political situation in the Middle East - in an attempt to sway a group of voters, and then foists the problem off on his predecessor when it gets too hot to handle?"

"How can we have confidence in a Prime Minister whose main claim to fame in terms of proposed legislation is a property tax and mortgage interest deduction scheme which provides no benefit for those in the bottom half of the income scale, the benefits of which will be cancelled by the high interest rates in any case?"

"How can we have confidence in a Prime Minister whose outworn economic and political philosophy has driven him to try to destroy Petrocan and in the face of the advice of most experts; and who, when faced with this opposition, waters down his proposal into the current election gimmick: he will take from the citizens what they already own, with one hand, and give it back to them with the other, and ask for eternal

gratitude, and particularly - election votes."

Daniel was also critical of Clark's claim that his government was defeated before it had a change to govern.

"He has had his chance and he has muffed it," Daniel said. "He has had more than half a year to convince the people of this country that he has the new ideas and the ability to govern Canada going into the 1980's. All we have heard is humming and hawing."

Daniel also brought the Conservative under fire for their apparent "flip flop-

ping" on major issues such as interest rates and federal provincial relations, particularly on the question of whether the provinces or the federal government should have control over energy resources.

The NDP candidate said his party offered an alternative to the Tories and Liberals in the form of a competent and well-respected leader, and a party program developed through national conventions.

Main points the NDP program as outlined by Daniel are:

- an expanded role for Petro

Canada as an instrument of public policy and as a part of the overall attack on the energy problem - not a "privatized" operation designed primarily for private profit.

- a return to guaranteed health care for all Canadians - a strong attack on unemployment through every means at the disposal of the government.

Daniel said he hoped that this time "Bill Scott will be willing to present his views on the Clark government in face to face discussion and debate

with the other candidates. The voters of Victoria Haliburton are entitled to have the issues debated," he said.

Guest speaker for the occasion was Colin Isaacs, MPP for Wentworth. Isaacs' speech dealt with alleged Tory inconsistency in the agricultural program in Canada. He spoke of the multi-national corporations' interference with marketing boards in Canada and deplored what he said is the federal government's inability to plug loop holes in marketing board legislation whereby the multi-nationals use it to their advantage.

Ivan Rodd seeks Liberal nomination

Lindsay businessman Ivan Rodd has announced his intention to seek the Liberal nomination at a party meeting this Wednesday.

In making the announcement, Rodd said he is "deeply concerned with the lack of regard and concern the Clark government has shown. In my opinion the budget on which the government was defeated would be a disaster to many people in our riding. Since I feel strongly in this regard, I am letting my name stand for nomination."

A release accompanying

the announcement describes Rodd as "a well known business and community minded person in (the) area."

He is married to the former Ruby Morrison from Eldon Township and the family presently resides in the Township of Fenelon. As president of Lindsay Cleaners and Dyers, a firm which employs approximately 25 people, Ivan Rodd has been active in the business affairs of the Town of Lindsay since he became associated with the business in 1946.

Ivan Rodd grew up in Pefferlaw in Georgian Township. He left the family farm at age 15. After working for 3 years, he joined the Royal Canadian Air Force.

He is a member of the Queen Street United Church, past chairman of the Lindsay industrial committee, past president of the United Appeal, Past Director of the Chamber of Commerce, member of the Moose Lodge, member of Branch 67 of The Royal Canadian Legion and past president of the Dry Cleaners and Launderers Institute of Ontario.

Rodd and his wife Ruby

Inspection log date rolled back

The effective date for the regulation requiring school bus operators to keep a daily inspection log of their vehicles has been moved to September 1, 1980. Transporta-

tion and Communications Minister James snow has announced.

Originally, it was to go into effect, January 1, 1980.

Scott gets PC nomination once again

As expected, Bill Scott has been nominated without opposition to the Conservative candidacy in Victoria Haliburton riding for the February 18 election.

The nomination came at a meeting of the riding Progressive Conservative Association in Lindsay, Saturday. Guest speaker for the meeting was Jack Ellis, member of Parliament from Belleville.

Unsung workers

Every year, as the long, cold days of January stretch into an icy and all but endless February, the tedium of winter takes root, filling us with longing for warm nights and the freedoms of spring. And every year, just when the season is threatening to make hermits of us all, a host of events takes shape to buoy us up, bring us out and make us feel part of the community again.

Carnivals, bonspiels, hockey tournaments and snowmobile rallies have long been an important part of winter in the Highlands, and their popularity keeps growing every year. They attract large numbers of people, who come together in a spirit of competition, participation and just plain fun. They help keep strong the bonds of community that underlie much of county life.

As important as those benefits of community events always prove to be, however, the activities of January and February also make a significant contribution to the local economy. And this year, the economic spinoff could well take precedence over the pleasure the events provide for a large number of people.

The winter has proved trying for at least some of the county's businesses, especially those which are vulnerable to the whims of weather. Lack of snow and warm temperatures have kept snowmobilers, skiers and even ice fishermen away from the area. And no relief seems likely in the immediate future for tourist operators and resort owners who depend heavily on business from people seeking winter recreation. All are surviving the conditions, and few are complaining, but there is no doubt that this winter is hurting the county's economy.

Fortunately, the community events and tournaments scheduled for the next month or so will attract people to the area in significant numbers even if the snow does not come. And for that, all should be grateful.

It takes weeks, sometimes months of work to make the events of winter a reality. Often a small number of people put in long and frustrating hours to organize activities and plan competitions. But their work can be wasted if the rest of the community doesn't make an effort to participate.

Community events boost the economy, help relieve the doldrums of winter, and bring people together in a spirit of sharing.

The people who organize them deserve the thanks of us all.

The right choice

It's an unfortunate fact of politics that voters can't always be counted on to make the best choices among a slate of candidates. But as municipal politicians enter the second year of their two year term, it is obvious that the voters of Anson, Hindon and Minden made the right choice when they voted in Stuart Brandon for councillor.

Marking an X for Brandon was clearly a gamble. He was young, and inexperienced. But he was also articulate, outspoken and committed. And in the week to week workings of Anson, Hindon and Minden council over the past thirteen months, Brandon has unquestionably brought a refreshing vitality and intelligence to a body which had sometimes lacked it in the past.

During his first few months in office, Brandon settled quietly into the role of councillor. At meetings, he asked questions other members did not think of asking, but his comments were guarded, low key, perhaps tempered with a recognition that he had much to learn.

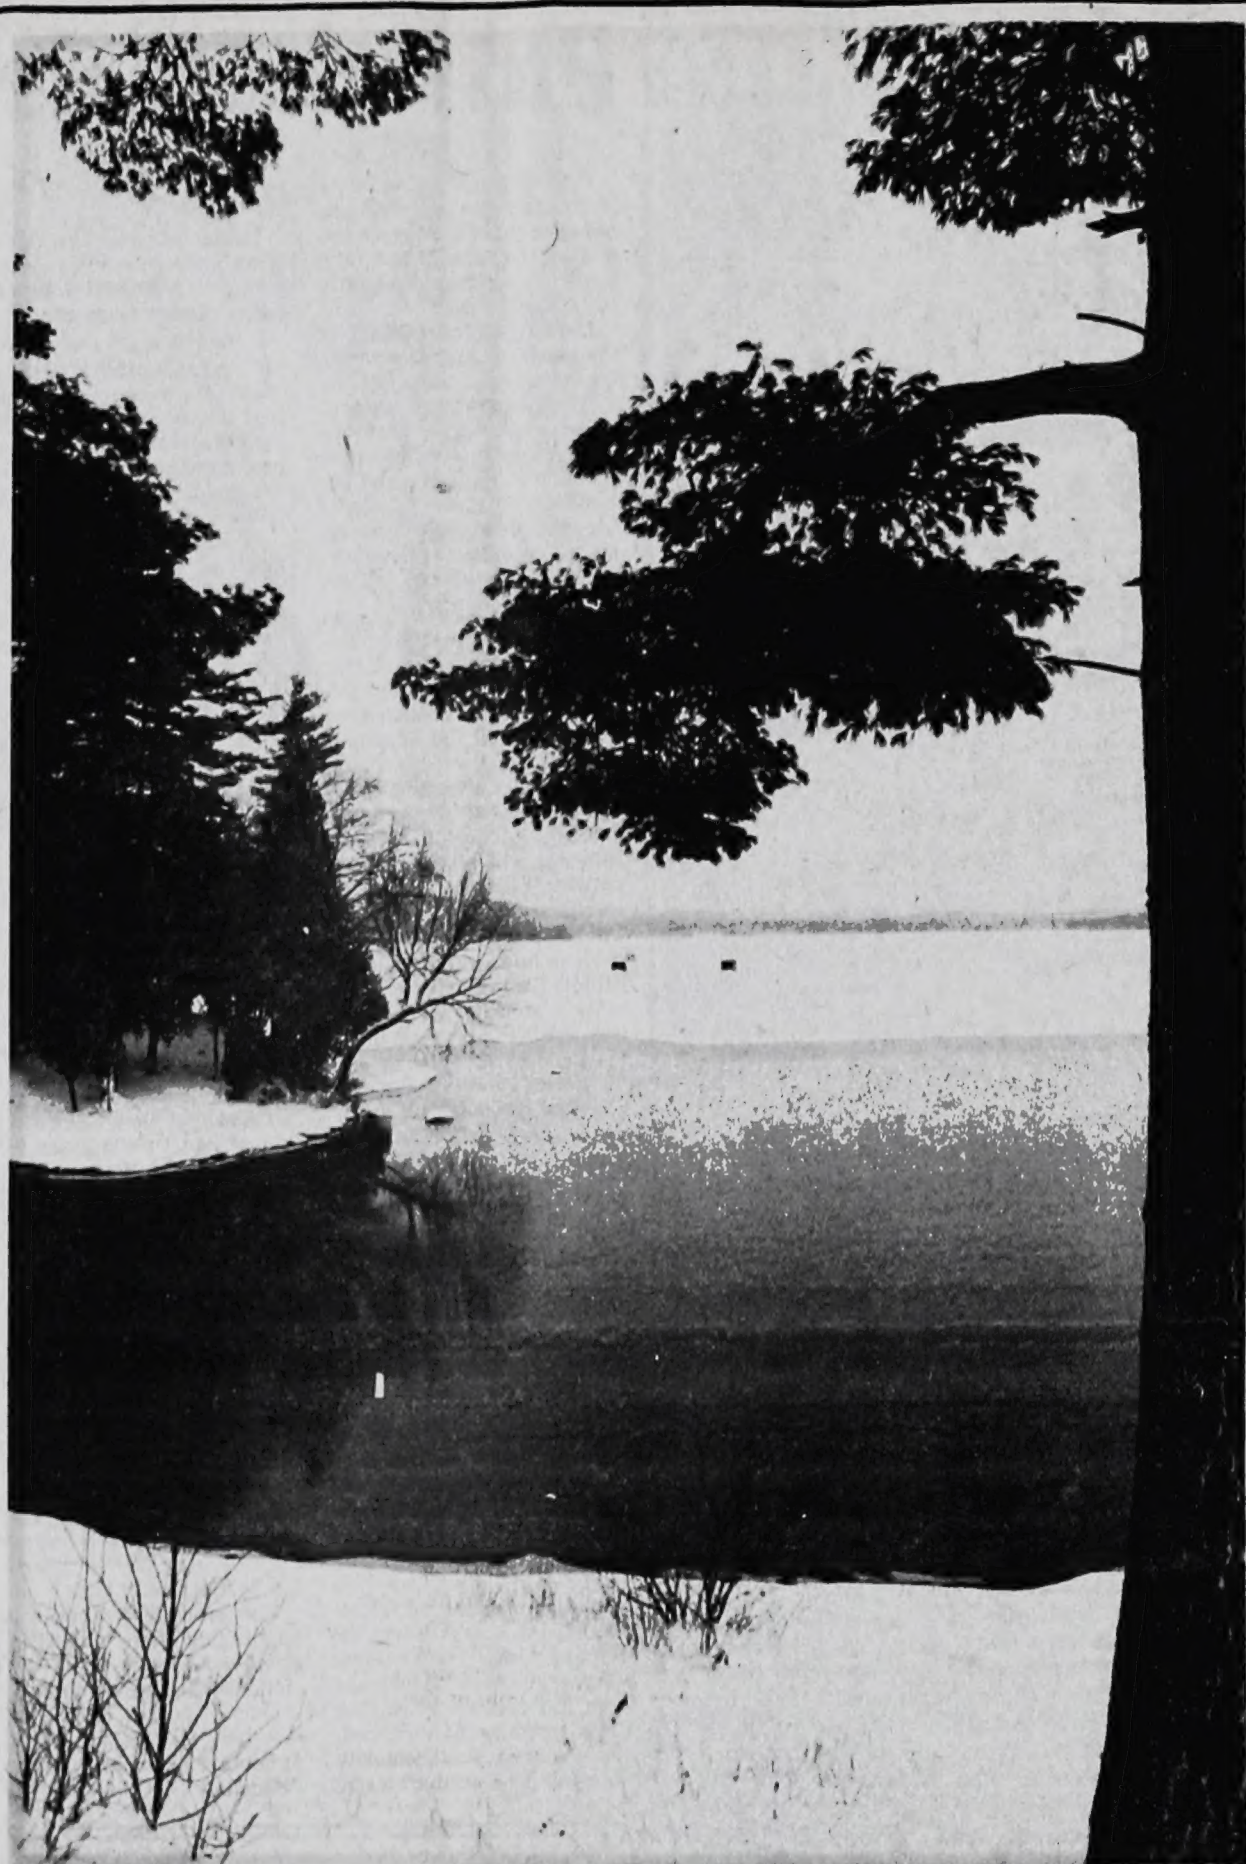

As key issues began to develop in the municipality, however, so too did Brandon's statements in opposition and support. He took a critical look at existing policies, questioning what others had taken for granted. He was not always right, but he made the rest of council discuss, probe, and consider alternatives. The more experienced he became, the more pointed were his comments.

His stand on the cleaning of Minden's streets was precipitated by ratepayers, whose point of view he brought to the council table where action could be taken. He criticized the business people of Minden for their complacency and he created a forum for debate, along with reeve Sinc Nesbitt, on issues involving the rezoning of certain properties from residential to commercial.

Once their vote is cast, few members of the public turn up at council meetings to see how the people they have elected are performing. The result is that municipal politicians who contribute little to the operation of councils are returned for term after term.

Ratepayers would do well to elect more people like Stuart Brandon, however. For while some councillors ponder the position they take on particular issues in an effort to avoid controversy, soothe ratepayers and keep their re election hopes alive, Stuart Brandon does not.

He simply but forcefully takes a stand.

Maple Lake

Letters to the Editor

To the Editor:

The letter from H. Michael Collins (January 9, 1980) contained some informative remarks on the subject of liming of acid damaged lakes, which must be of value to all who are interested in this subject.

The active participation of a person with the background and qualifications of Mr. Collins is bound to be a source of encouragement to all concerned people in Haliburton. Re. Mr. Collins' criticism of my reference to liming, my statement was based on the following quotations:

(1) Carl Parker, chief of New York State Bureau of Fisheries: "Liming is a cosmetic treatment. Control of the sources of airborne pollution is the ultimate answer."

(2) Dr. Bridges, Ontario Ministry of Environment: "Liming is a feasible method of protection in specific lakes. Once started liming must be continued. Large swings of Ph back and forth may be as damaging as low Ph itself."

It is likely that liming with calcium carbonate, in suitably sized granules as proposed by Mr. Collins may be superior to the use of combinations of calcium hydroxide and calcium carbonate as was the case in the lakes treated by the Ministry. As implied by Mr. Collins, some remedial program must be undertaken to meet the developing situation while emission control legislation is being developed and meanwhile precious time is lost.

Mr. Collins is offering leadership in a project which may offer some much needed information on the problem of saving acid lakes. The initial experiment on a modest scale is deserving of support.

Sincerely yours,
A.F. Stevenson

To the Editor:

I was pleasantly surprised to receive my copy of your paper in Saskatoon. You serve your area well. I was also elated that you advanced the matter of public skating. Hockey should not monopolize the entire ice time. As to the railway, in Saskatoon they moved the station out of town.

Mr. Boothe is timely regarding immigration. There is a huge colony in Toronto that will not "mix". Why, do our Governments allow unsuitable material entry, unless it is to exploit them for cheap labour, while we neglect native people, being the Indians who should become full citizens, not residents with land claims and huge cash grants.

In Newfoundland residents were moved from isolation and re-settled in areas where they could be better served with modern conveniences. So too should the Indians be located where together they could develop their many talents such as making of baskets, canoes, snowshoes, toboggans, etc.

We remain silent on many issues.

Yours truly,
G. Springer

To the Editor:

On several occasions during the past five years I have appealed to your readers for discarded

hearing aids. The response to my appeals has been richly rewarded as hearing aids poured in from cities and towns from coast to coast.

I have since retired from the Ontario Ministry of Education but my interest in helping hearing impaired children in the West Indies has not waned.

This program, now known as the Canadian International Hearing Services is in its fourth year under the able co-ordination of Gordon Kerr, a staff member of Humber College of Applied Arts in Toronto. Gordon, along with Dr. Donald Hood, an audiologist, and Mrs. Nancy Hood, a teacher of the deaf, make an annual pilgrimage to St. Vincent, West Indies, where hearing impaired children and adults have been fitted with hearing aids.

The time has arrived for this program to be extended to other West Indian countries as the need to help their hearing impaired is equally great.

Once again I ask your readers to dig out any old or discarded hearing aids and mail them to:
Canadian International Hearing Services
54 Strathburn Blvd.
Weston, Ontario
M9M 2K7

All contributions will be acknowledged and receipts will be issued for all cash donations.

Thank you, once again, for 'hearing' our appeal made on behalf of hearing impaired children in the West Indies.

Sincerely,
George Mason

To the Editor:

Trudeau certainly has "pizzazz". Where would you find another leader who shows such contempt for his party supporters, he decided to go disco dancing in New York, rather than attend a boring Liberal caucus in Vancouver?

What other party would beg, such a leader to remain, in spite of such obvious snubbing? I guess he's the best they have left, so they can't afford to be fussy.

As long as Trudeau continues to cling to power, the Liberals will never attract men of high calibre and leadership qualities, who could "take over". It's time we adopted the U.S. system. Only two terms of office for anyone occupying the highest office in the land.

Sincerely,
Claudia Say

Editors note: From time to time the Echo receives Letters to the Editor which are not signed. We regret that for legal reasons, these cannot be printed. We welcome reader participation on local issues, and will publish all signed letters, subject only to discretion where libel or slander may be involved. Only under exceptional circumstances will letters appear without naming the writer, and only when the writer has made him or herself known to the editor and provided legitimate reasons why his or her name should not be used.

Feir Play

by Creighton Feir

I think that we would all have to agree that Sir Sanford Fleming College in Haliburton is doing a wonderful job, when one considers the many winter courses being offered here in Haliburton County. I was amazed after reading the big advertisement in last week's Echo of the many courses open to anyone in the county with an interest in the subject, which are all designed to help you make productive use of your leisure time. Yes, you would have to agree that there is something here for everyone. For further information and registration for winter courses and workshops call Sir Sanford Fleming College at 457-1680.

I have often thought that it's a good thing that we don't all agree on everything. We all realize that if we put four people in a room and threw out a topic for discussion on the table, I doubt if those four people would all agree. Everyone would have different thoughts on the matter and this is good, because if it ever comes to the time that we all agree on everything then we are really in trouble. Everyone has a right to their own opinions, and this is what democracy is all about.

There is one thing that I can't stand and that's public apathy, and it's something that we have plenty of here in Haliburton County. We can't sit back and say that everything is just fine and dandy when we know that it isn't. Many people will sit back and say, Oh well, let it go; we can't do anything about it anyway. This is far from the truth. We can do something about it by letting our thoughts on certain subjects be known. We know that there are people out there who are not satisfied with this or that in their own communities and if this be the case, get after the organization you are a member of, take your problems or beefs to your local councils and speak to your M.P. and M.P.P. And why not sit down and write a letter to the editor and have it published in the Haliburton County Echo. Think this all over, because we are not going to get very far if we all sit back and keep our mouths shut.

The annual meeting of the Haliburton County Fair, which is sponsored by the Minden Agricultural Society is being held tonight, Wednesday, January 16, at 8 p.m. at the Council Chambers in Minden. Everyone is welcome.

Many of the Marine dealers in the area are in Toronto this week where they are attending the Boat Show.

Les Thompson will be the guest speaker when the Full Gospel Businessmen's Fellowship in Canada hold their monthly Dinner Meeting and Fellowship this Friday evening, January 18, at 7:00 p.m. at the Canadian Legion Hall in Haliburton. Everyone is welcome and the admission price is adults \$5.00 and students \$3.00. Les Thompson is a businessman operating the Sales of Funeral Home Supplies, Clothing Store, Master Food Outlet and a Publishing Company. While being an active member in the United Methodist Church he is also vice-president of Savannah Chapter of F.G.B.M.F. in Savannah, Georgia.

Anne Marie VanLeishout, daughter of Mr. and Mrs. Larry Vanlieshout of R.R. 1, Haliburton attended a Red Cross swimming instructors course in Scarborough recently. She finished in the top four of her class and is now a qualified swimming instructor.

I would like to remind everyone of the Grenville Stamp Fund at the Bank of Montreal at Haliburton. The fund, which was just started recently, is starting to build up, so if you would like to contribute you may do so right away. Receipts for donations may be obtained from Gerald Bain by calling 754-2417. The aim of the fund is to raise enough money to purchase a special machine and a van for Grenville.

Every once in awhile I like to give a short weather report from the Highlands of Haliburton, but with the everyday change in the weather picture it's almost impossible. The way that things have been going so far this winter you can have a warm, sunny day, followed the next day by a snow storm and the third day it could be raining and mild. In other words it hasn't been June in January it isn't your usual kind of winter.

It seems that every week along with the good news comes the bad news. The bad news this week is that Mike Stinson, who was this year's Christmas tree chairman for the Haliburton Rotary Club, reported to the members last week that a total of nine Christmas trees had not been paid for. It would seem that there is a very good possibility that these trees have been lifted from the various locations in which they were on sale, possibly taken home with some people having little or no intention of ever paying for them. One might think that well, who cares, the Rotary Club can afford to lose a few trees, it won't put them in bankruptcy. This is quite true, but the fact remains that any person who takes a tree without paying for it is doing nothing but stealing. In some cases this could be an oversight on the part of those who took trees and just forgot to pay for them. If this is the case, please see that the money gets to Mike Stinson. It would be very much appreciated.

Plans are well underway for the annual Minden Kinsmen Winter Carnival which will be held on Friday, Saturday and Sunday, January 25, 26, and 27. This year's carnival promises to be bigger and better than ever, and it's always one of the major attractions here in the county for seasonal and year round residents. Just to mention a few of the many attractions, there will be ice car races, snowmobile safari, broomball, snowmobile drags, sock hop disco dance contest, hockey tournament, snow sculptures, carnival queen contest, activities for the kids and many, many more activities. So make it a date to remember as on January 25, 26 and 27, all roads will lead to Minden.

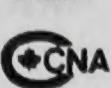

Snowarama 1980 is all set for Sunday, February 3. Next to the annual Easter Seal Campaign this is the second largest money maker for crippled children in Ontario. Please keep this date in mind and back Snowarama up with your pledges.

Leslie Thompson from Savannah, Georgia will be the speaker at the Full Gospel Lighthouse in Haliburton on Wednesday, January 16, at 8 p.m. and will also be the speaker at the regular 11 a.m. service on Sunday, January 20.

The Haliburton County Echo is an independent newspaper serving Haliburton and Victoria Counties for over 85 years. Established in 1882 as The Minden Echo and Haliburton Recorder and amalgamated with The Minden Recorder in 1977. The Haliburton County Echo is published by Algonquin Graphics Limited in Haliburton, Ontario, Box 360, K0M 1S0. Phone 457-1037.

Advertising is accepted on the condition that, in the event of a typographical error, the portion of the advertising space occupied by the erroneous item, together with a reasonable allowance for signature, will not be charged for, but the balance of the advertisement will be paid at the applicable rate.

In the event of a typographical error advertising goods or services at the wrong price, goods or services may not be sold. Advertising is merely an offer to sell and may be withdrawn at any time. The Publisher reserves the right to restrict all ads as to their classifications and to edit or reject any copy.

Our thanks go out this week to Marvin Varty of Haliburton for supplying us with this photo of the Grade 9 class of 1950-51 taken at the Haliburton High School which is now the Lakeview Centre. The principal was Mr. Bud Thayer.

Front row left to right: Marvin Varty, Gayle Brown, Doreen Besse, June Dummitt, Noreen Woodcock, Betty Gainforth, Marie Plourde, Glenda Horsley, Charlie Plourde, Bob Young.

Second row, left to right, Norm Rowlinson, teacher, Mary

Saunders, Miss Newbatt, Helen Elstone,? Audrey Woods, Janice Sawyer, Alice Walker, Miss Johnson, Pauline Williams, Doreen Iles, Joyce Woods, Dorene Hobden.

Third row, left to right: Garfield Miller, Garnet Kellett, Donald

Clement, Lou Hodgson, Leon Jones.

Back row, left to right, Ted MacDonald, Grant McCrae, Jack

Watson,? Gary Watt, Allan Sipe, Garth Horsley, Darryl

Broughton, Jack Fry, Bill Schell, Bob Dart, Byron Sisson.

Report from Queen's Park

by MPP John Eakins

I am encouraged by the number of municipalities, and especially in Haliburton County, interested in the development of senior citizen housing geared to income. It is appropriate that our citizens be able to live close to their own community and not have to move to large centres for housing and other services. I have long been an advocate of developing a core and focal point in the smaller communities in Ontario. That is one reason why I strongly opposed any move to close our registry offices. Once these functions are removed, our towns and villages become less attractive as a place to live and work.

Now that Haliburton County has a number of senior citizen units and a good possibility of other subsidized housing, I feel the time has come to ask the Minister of Housing to reflect Haliburton's participation by changing the name of the Victoria Housing Authority to the Victoria Haliburton Housing Authority. I will let you know the results of my investigation.

Injured Workers

Under a bill given swift passage in the Legislature, injured workers in Ontario will receive higher Workmen's Compensation payments. Increases will be retroactive to last July 1st, and will push up the maximum weekly compensation to \$266.83 - an additional \$33. This change will cost Ontario taxpayers \$195 million.

Ministry Merger Blocked

A plan to merge the Ministries of Education and Colleges and Universities has been killed by the Opposition. Even if the Bill is reintroduced in the spring, this would still be too late for the 1980-81 school budgets. The Minister had expected to present the Bill for final approval, leading to a merger in the New Year, but an all party committee refused to send it to the Legislature for a vote, and recommended that it be brought back in the spring, with a preamble explaining the reasons for the proposed change.

The Policeman and The Law

The Attorney-General has told the Legislature that although the police are not above the law,

legislative changes may be necessary to protect them from breaking some provincial statutes. He has stated that he will review courses given to senior policemen attending the Ontario Police College to ensure they aren't encouraged to break the law. In addition, he has stated that he disagrees with some of the testimony given by a Deputy Crown Attorney at the trial of two Metro Toronto policemen who were found guilty of using a phony affidavit in a murder investigation.

Computer Check-outs

The Ontario Government is going to "extraordinary lengths" to find out how consumers feel about computerized check-outs in supermarkets before making any decisions, according to the Minister of Consumer and Commercial Relations. His Ministry will conduct a telephone survey next month of 900 consumers who use the computerized system in Ottawa, London and Hamilton "to determine their behaviour and attitudes toward the system in general and item price removal in particular". The government has been wrestling with the issue since 1975, in the face of opposition from the Consumers Association of Canada, which is concerned that if individual prices are not displayed on products, consumer awareness of prices will diminish, as well as the ability of consumers to compare store prices.

Bill Smiley

Well, our children are gone, and our children's children. I can scarce forbear to tell you what a legacy they left us. A flat wallet. A bowl of sunflower seeds. A guitar with a hole in the body. A telephone that defies the efforts of the repair men. A toilet that overflows. And so on.

But all you need is love. As they say. Well, as I sit here remembering the Hades that is a Canadian bus terminal at holiday time, I am forced to wonder.

Were all those capricious old gentlemen and indignant elderly ladies who kept screaming, "What about me?" full of love? Or perhaps those boisterous teenagers who kept trampling the capricious old men and the indignant elderly ladies?

Since I don't even want to think about anyone under the age of 48 for at least six months, I'll leave 'er lay. I won't even mention that my daughter got her suitcase on the wrong bus, and my son got himself on the bus my daughter was on, with all the rest of her luggage. C'est le bus business.

No. I'm sick of the young. I want to deal, in this column, with a couple of oldsters. One of them takes a very dim view of me, and the other takes a gleeful, healthy look at life.

For years I've been receiving Christmas cards from someone who signs himself Your TV Repair. It drove me a little nuts. The messages were always lively and salty and blunt.

This year, the TV Repair Man came out of the closet. But not completely. He still wouldn't sign his name.

In the same mail, I received a copy of a long letter written to the editor of the Gazette-Reporter, Rivers, man.

Both letters dealt with a particular column I'd written. Comparing them might give the gentle reader a cross section of the philosophy of Canadians. I'll print parts of them, sticking my own oar in whenever I dang well feel like it.

Here's the TV Repair Man: "Hello Smiley - Merry Christmas. It's that time so here we go again. You really shocked me with this year's Armistice Day column. I have always looked forward to, and backward to, that column. To me, Armistice Day is the most important holiday except Christmas.

"I lost a lot of close friends in both world wars. You said you thought you had said it all and then wound up with the best one of all. You have never said it all nor ever will.

"I have enjoyed your column for many years (thanks TVRM) so maybe you'd like to wade through this. I won't take long and you can scrape your shoes when you're through.

"First, I am an old man - 78 last month. (Hell, that's just a boy, TVRM). Second, I am no more TV repair man than you are auto mechanic. Third I am the richest man in the world, if you count friends. (Yes, man, I count friends.) I live alone in a shanty I built

myself and have everything I need or want and enough pension that I can help people now and then that need it.

"Like yourself, I have grandchildren that are my pride and joy and opened up a whole new life for me. I taught them to swim, fish, skate, garden, you name it, and like you I am proud as hell of them. If that ain't happiness, forget it."

That's a happy guy, the old TVRM. The other letter is full of clichés, bombast, and another word beginning with B: "Sacrifices; terrible price; home and country; fallen comrades." Etc.

Fallen comrades my bum! They didn't fall, Mr. G. Mathison of Harding, Man. They were killed.

More of the same pap. "Where was Mr. Smiley when teenagers were dying on the beach at Benny Se Mer?" I presume he means Benny sur Mer. Well, Mr. M., I was about five miles away, at Ste. Mer Eglise, shooting and bombing the daylight out of the guys who were shooting at the guys who were dying on the so-called beach. Some beach.

"Where was he when the children were coming out of Caen while it was being bombed, hungry children, alone, afraid and with nothing, but a black sky full of cold rain to succour them?"

Mr. M., after bombing Caen about eight times, and being shot to shreds in the process, I was in a jeep, visiting Caen, and giving those kids my chocolate rations and getting them out of that hell-hole.

"Does Mr. Smiley really believe that it is time to forget the para-troopers of Arnhem, the Third Division Water Rats, the Red Devils of the First Division or the heroes of the Second at Dieppe?"

Yes. I was shot down shortly after Arnhem. A paratroop doctor bound my displaced knee-cap. I met some of the Arnhemers. They were a tough bunch of bastards, triumphant in defeat, undaunted. The 'heroes' at Dieppe were a poor bunch of misled, misinformed, undertrained kids led into an impossible attack by stupid commanders.

"I saw teenagers, like the ones he is teaching now, die in the mud at Walcheren (misspelled).... and their last thought was a yearning for home. (Canada)."

Well, Mr. C., I saw teenagers go down in flames, plunge into the ocean, and though I didn't have an ear to their chest, as you seem to have had, I heard their last thoughts, sometimes, on radio.

"Jesus. Mom. Help me. Mother! Help!"

CHIP program will continue in 1980

The Canadian Home Insulation Program (CHIP) has received approval to continue into 1980. The government says that with sufficient funds available to operate into 1980, Ontario consumers should feel confident in retrofitting eligible residences and claiming the CHIP rebate in the upcoming year.

Recent speculation on the cancellation of CHIP was based on the widely publicized sunset clause, which was approved earlier this year along with the most recent amendments. The sunset clause stated that unless CHIP is specifically reviewed and renewed, the program would terminate December 31, 1979. Program amendments increased the maximum grant to \$500 including labour, moved the eligibility date to pre-1961 and broadened the type of materials included in the program.

Eligible residents participating in CHIP are responsible for choosing a reputable insulation contractor. CHIP does not employ itinerant sales representatives, nor does it endorse, license, or give approval in any way to

particular insulation companies. The wise consumer will shop carefully by comparing several written estimates and by checking references with consumer agencies.

The continuation of the CHIP program should ensure that Ontario residents interested in energy conservation may obtain assistance for re-insulating eligible residences.

Learning to Read

In this day of such advanced technology it is difficult to imagine the fact that there are a number of people within our own community who have never acquired the ability to read. This fact can be corrected with the co-operation of both the individuals concerned and some volunteer helpers.

Not being able to read must be not only an extreme handicap in working and coping with day to day situations, but an embarrassment as well. If you know someone with this handicap please urge them, for their own benefit to accept help. With a little effort, within a year they can be reading this newspaper like their friends or neighbours. It requires one session of one hour per week with a volunteer for one year along with practice in their own time to develop reading skills.

Volunteers are also being sought for this program. They will receive a one and a half day training session on how to teach in this project before being asked to work on a one on one basis with the subject. They will be asked to commit themselves to at least 50 hours in total with an individual at a time and place convenient to them both.

Our Canada Manpower Office in Haliburton has agreed to co-ordinate this project and complete confidentiality is assured. If you know of someone that needs this assistance, or you wish to volunteer yourself please call the Manpower Office at 457-1316 and talk to them about it. You'll be glad you did.

Another Ski Hill for the County

It may seem somewhat ironic that in this year of such tragic snow conditions, when we have yet to see a day of Alpine skiing take place, a second ski hill is taking shape. It says much for the enthusiasm and optimism of Bill and Sue Thomas who have been working diligently on this project, and we are sure that in the long run it will pay dividends for not only themselves but the area as a whole.

The new facility is taking shape near Wilberforce on the property known as Wilbermere Lake Tent and Trailer Park, which is also operated by Bill and Sue. They have two slopes ready now (except for the snow) and a beginners hill, all serviced by a rope tow. We certainly will be watching this development with much interest. We wish them much success in the endeavour and know they can count on the communities support.

The Inn at Sir Sam's has undergone some considerable renovations this fall and now boasts an enlarged lounge and disco-floor. They could use some more snow up there too, but without it you can still enjoy the atmosphere.

New Western Tire Proprietors

We are very pleased to welcome Chris and Jim Andrews into our business community and we imagine many of you may have already met them. They have been working with Adrian Whitfield and the Western Tire organization over the last few months to acquire all the necessary expertise to provide top notch assistance to their customers. If you haven't already done so drop in and say hello and welcome. We wish them well and know they will be an asset to the area.

Adrian will be carrying on with his plumbing sales and service from the adjacent building and is anticipating expanding this service.

Snowmobile Service and Swap Day

The Haliburton County Snowmobile Association in co-operation with Minden Marine have organized a free service clinic where those in attendance may obtain tips on how to service and maintain their own snow machines (all makes) and take part in trading of machines, accessories and equipment. It's happening on Saturday, February 2, from 10 a.m. to 4 p.m. just in time to get ready for Snowarama.

Hockey Tournaments need Billets

COUNTY ECHO SPORTS

SCORESHEET

Tri-County Bantam, played at Fenelon Falls on January 9. Haliburton vs. Fenelon Falls.

First period: Fenelon scored at 9:34. Haliburton's Ricky Barnum then scored at the four minute mark, with assists going to Jamie Bennett and Mike Baker. Fenelon then scored at 3:52, but Haliburton's Baker scored unassisted with 1:44 left in the period.

Second period: Baker scored for Haliburton unassisted at the 2:41 mark.

Third period: Haliburton scored two goals in a row, the first at 11:01 by Shayne Yateman assisted by Charlie Teljeur, and the second at 5:14 by Baker assisted by John Teljeur. Fenelon then scored at 2:50, and with 41 seconds remaining in the game, Baker scored his hat trick goal assisted by Rodney Sisson.

Final score: Haliburton, 6, Fenelon, 3.

Tri-County Bantam, played at Haliburton on January 12. Haliburton vs. Fenelon Falls.

First period: Haliburton's Mike Baker scored assisted by Jim Bird.

Second period: Haliburton scored three goals in a row, the first by Baker assisted by Kevin Barnum the second by Rodney Sisson assisted by Jamie Bennett and Shayne Yateman, and the third by Baker for his hat trick goal assisted by Yateman.

Third period: Fenelon scored at the 12:52 mark. Haliburton's Bennett scored at 6:17 with assists by Charlie Teljeur and Baker. Fenelon scored the final goal of the game at 4:57.

Final score: Haliburton, 5, Fenelon, 2.

Tri-County Bantam, played at Bobcaygeon on January 14. Bobcaygeon vs. Haliburton.

First period: No scoring by either team.

Second period: No scoring by either team.

Third period: Haliburton scored two goals in a row, the first at 2:32 by Mike Baker assisted by Marla MacNaull and the second with eight seconds left by MacNaull assisted by John Teljeur.

Final score: Haliburton, 2, Bobcaygeon, 0.

OMHA Pee wee, played at Omemee on January 12. Minden vs. Bobcaygeon.

First period: Paul Walker scored first for Minden at the 1:04 mark with assistance from Jeff Howe and Greg Newell.

Second period: Omemee scored two goals in a row at the 1:15 and 8:26 minute marks.

Third period: Omemee scored two goals in a row at 4:24 and 5:03. Newell scored unassisted for Minden at the 5:45 mark.

Final score: Omemee, 4, Minden, 2.

OMHA Juvenile, played at Woodville on January 8. Minden team #1 vs. Woodville.

First period: No scoring by either team.

Second period: Minden scored two goals in a row, the first by Shaun Silvers from Dave Shapiera and the second by Silvers assisted by Tim Davies. Woodville then scored two goals in a row.

Third period: Minden scored two goals in a row, the first by Greg Carpenter assisted by Corey Walker, and the second by Dennis Stribling from Ron Yake and Shapiera. Woodville then scored two goals in a row.

Final score: Minden, 5, Woodville, 5.

OMHA Juvenile, played at Minden on January 11. Minden team #2 vs. Woodville.

First period: Woodville scored four goals in a row.

Second period: Woodville scored four goals in a row. Minden's Trent McElwain then scored assisted by Ward Crego and Joey Graham.

Third period: Woodville scored four goals in a row.

Final score: Woodville, 12, Minden team #2, 1.

Tri-County Pee wee, played at Haliburton on January 9. Haliburton team #1 vs. Haliburton team #2.

First period: Haliburton team #1 scored two goals in a row at 3:33 and 4:49, the first by Dennis McKee unassisted and the second by Eoin Ross assisted by McKee and Mike McInnes.

Second period: No scoring by either team.

Third period: No scoring by either team.

Final score: Haliburton team #1, 2, Haliburton team #2, 0.

Cont'd. page 11

Huskies forward Steve Davies (right) appears to be sternly challenging a Lakefield Chiefs' player at a game in Haliburton Saturday night. Actually, Davies had just received a check from the opponent at the moment the photo was taken. Huskies went on to win the game 6 to 4.

Midgets finish with 14 and 3

The Haliburton OMHA Midgets ended their highly successful regular season last week after defeating Omemee in Haliburton by a score of 9 to 3.

The team ends their season play with 14 wins and two losses, an impressive record which gained them 111 goals during league play. The Midgets had 52 goals scored against them. Haliburton goaltender Dave Elstone played an outstanding season this year, obtaining a goals against average of 3.25.

That average included Saturday's game against Omemee, when the team played a highly physical game. Haliburton picked up three quick goals in the first period, after Darren McInnis put one away at 12:57 assisted by Tony Scheffee. Only eight seconds later, Paul Madden fired one home with help from Scheffee and McInnis. And Ed Davis increased the lead to three

with Dave Nicholls and Robb Abbs assisting on the play at 6:33.

In the second period, Glenn Evans picked up a goal at 12:42, helped out by Nicholls and Davis. Nicholls scored at 9:11 when he was set up by Evans, and at 8:20, Scheffee put one away with assists to Madden and McInnis. Omemee came on in the latter half of the period, scoring two goals at 4:15 and 2:43.

That momentum carried into the third period as the visitors scored at 13:39. But

just 25 seconds later, Scheffee nullified the effort when he scored assisted by Duff Mitchell. Omemee picked up their third goal of the game at 9:13, but Davis slammed home his second marker at 8:55 with help from Evans and Abbs. With 42 seconds remaining in the game, Nicholls rammed the puck home. Assists went to Evans and Davis.

The play-off schedule for the Midgets have yet to be organized, but the team expects to do as well, if not better, in the finals than in the regular season.

GENERAL: Excellent working conditions, competitive salaries, O.H.A. benefits package where applicable. Apply in confidence to Executive Director in writing. Include details of academic training, work experience and references along with salary expectation on hourly/annual basis. Health examination an employment requirement.

Brown scores four against Bancroft

Huskies tied for first after weekend victories

by Joe Banks

The Haliburton Huskies have finally broken the ice.

Not only did they win last Saturday's home game against Lakefield, but they defeated the high-flying Bancroft Jets on visiting ice, a feat the Huskies have rarely accomplished this season.

And, more importantly, the win puts the Huskies in first place, tied with the Jets at 22 points.

It appears as though the team is finally over the hump, that is, they've snapped the 'split' streak they've had since November. The task will be to hang on to the momentum they gained on the weekend, and take it to the Bancroft squad again, who they meet this Saturday night at the Dysart arena.

Standouts in last Saturday's game for Haliburton were Joe Roberts and Steve Davies, who scored two goals apiece. Roberts also came up with an assist.

Scoring started at 2:22 in the opening period when Larry Stinson and Kevin O'Hara set up Joe Roberts to begin the lead at one. Lakefield, however tied the score at the 6:51 mark to end the period.

Dwight Sisson came up with his seventh goal of the season at 8:12 in the second frame when he was set-up on the play by Chris Hodgson and Ed Roberts. But minutes

later, at 11:20, the Chiefs again tied the score up, finishing off the period.

Joe Roberts scored again at 17:27 of the third, when Hodgson and Sisson assisted on the play. That lead was increased by another goal at 15:23 when Davies blasted one home for his 11th goal of the season. Joe Roberts and Stinson were credited with assists.

But it is not the playing nature of the Chiefs to give up, as the Huskies have learned in the past, and they scored two goals in a row at 12:50 and 8:22 to tie the game at four.

The Huskies continued to press, and at 5:08, Kevin O'Hara gave the hometowners the edge on an unassisted goal. The Chiefs assessed the situation and coach Sam Ferreri decided to pull the goaltender late in the period.

But Haliburton's Davies managed to get a handle on the puck, after a pass set-up by Dave Brown and Stinson, and in the puck went with six seconds left in the game. The score ended 6 to 4 in Haliburton's favour.

The real test of the Huskies drive for a winning streak came on Sunday, when they met Bancroft at the Wilberforce arena, as the Bancroft plant is still being repaired.

The time, it was Dave Brown who had a phenomenal night for the Huskies, picking up four goals, to bring

his season total to 22. Brown is a top contender in the league scoring race, and should promise to be a stand-out in the play-offs.

The Huskies had the edge in the first period of the game, as Hodgson started things off at 15:36 with back up on the play from Brian Lloyd. Mike Scheffee followed up on the goal with one of his own at 13:37 as Joe Roberts set him up.

Last goal ... 2:02

The Jets bounced back at 11:40 and again at 9:13 to tie the score at two, but thanks to the efforts of Brown, assisted by Mike Rae, the Huskies had the edge by the end of the period. The goal was scored at 6:42.

Brown notched his second of the game only one minute and 50 seconds into the second frame with help from Joe Roberts and Davies. Not to be outdone, the Jets slid

one past netminder Craig Wood at 17:10, but Haliburton's Brown nullified that effort when he scored his hat trick goal at 13:16, again with assists going to Joe Roberts and Davies. And Dwight Sisson scored the final goal of the period at 1:58, with the assist going to Hodgson.

The Jets again began coming up from the rear in the third period when, at 17:21, they decreased the Huskies lead to two. Following a goal by Brown at 10:41, set up by Davies and Stinson, Coach Larry Hartin pulled goaltender Craig Wood and put in affiliated player Dave Elstone, who plays with the Haliburton OMHA Midgets. The Jets managed to slide one past Elstone at 2:02, but it was too little too late as the Huskies returned home on the winning side of a 7 to 5 decision.

The Jets will be looking for vengeance this coming Saturday night when they again

Cont'd. page 12

Tykes play first game

In their premier game, the Minden and Haliburton Tri-County Tykes played to a 1 to 0 Minden win.

The game, played at Haliburton on January 12, was the first ever for the little leaguers, and much time in the game was spent lining up the kids by the referees.

Minden's Randy Bull came up with the only goal of the game at the five minute mark in the first period.

The teams don't play in any formal league, but all played well and are looking forward to their next game together, which will be played this Saturday at 1 p.m. in Minden.

COUNTY ECHO FAMILY

Extendicare News

by Dr. W.O. Anderson

Monday, for a start, the ladies, - Florence Stagg, Hazel Parish, Ada Denholm, Vera Griffin, Maude Weston and Alice Hartle, in an ambitious mood spent the afternoon making pot stands out of wooden clothes pins after the spring is removed with supervision of Pat Burk and Karen Henderson. These stands are quite smart, ideal to put a hot teapot on, on the dining table.

No more jigsaw puzzle has been mustered out yet, but there is one we are eyeing, - Afghanistan Zarnegar Park, a sort of current events with a pastime.

We are expecting to grow some geraniums from seed and are starting now to get some cuttings rooted and fairly advanced before the first of June. We have quite a number of quite vigorous African violets all in flower, and all of those possettias Christmas gifts are quite spry. The big dieffenbachia in the corridor has now gone the full course involved in air layering (to reduce its lanky height) and is now on a normal straightway for additional growth.

Tuesday morning was bible study in the guidance of June Devolin and her assistant Jane Johnston, the subject being taken from Hebrews Ch. 11. On reading from this you will observe that all of the great men of the Bible were men of great faith, foremost of whom was Christ, having that great trust in his Father. Other men of mention are Enoch, Noah, Abraham, Jacob, Joseph and not omitting Daniel. Faith in God is the bulwark of Christianity of business, of government and of labour.

Bingo in the afternoon had a different twist with Ray Smith calling. (Jake was not well enough). Only two volunteer helpers, Betty Wise and Betty Gibson were on hand, but they were superb, keeping an eye out for wrong moves. We have wondered what the attraction is to play bingo; no doubt a gamblers streak prevails, or the chance of getting some loot.

The shortest day this winter was December 22, 8:35 a.m. to 5:21 p.m. or eight hours and 45 minutes. Today, Tuesday, January 8, 8:38 a.m. to 5:35 p.m. or eight hours and 57 minutes, a 12 minute plus and all E.S.T. We dug this information out of the 1979 and 1980 Canadian Farm and Home Almanacs, each of which cost us \$1.25 at a book store.

We were intrigued by a 'Man Alive' program Tuesday evening which referred to the Madonna House, an establishment located in Combermere on the banks of the Madawaska. It was started around 1927, by twice widowed Russian baroness, and has for admission as a resident man or woman, some very strict rules. For many years we have watched this splendid commune in great admiration. It stresses one interesting dogma: that in this life there is no need whatever for any sin, and is Russian Roman Catholic.

Thursday morning, during our daily walk, we were privileged to see Pine Street being cleared of this recent snow fall. It is amazing to see the machines window the street width of snow making it five to six feet high and 10 foot base. Then along comes the snow blower with its bevy of dump trucks straddling the mount walking right along, the snow coming from the spout into the truck at a rate we would estimate at 5,000 kilograms or five metric tonnes per minute. That would mean that the auger pushes the snow up with a pressure that must be a continuous 500 Kilos. We doubt if any other municipality in Ontario has a more efficient snow clearance than Dysart et al.

Nancy Picard came in the evening to play the piano, accompanied by Jack Pollard

harmonica. The big problem with Nancy is that she does not come in often enough.

Mr. Jim Cooper our chief outing helper, came in tonight to show us some of the mutual films of our mutual wanderings, at home at his home, a visit to Agawa Canyon, to the Thousand Islands, to Upper Canada Village, and in addition some wedding films of his youngest daughter Judy's wedding. He has many films of excellent quality and it was nice that he took so much bother for us.

In our spiritual period Friday morning Rev. Trevor Denny of Haliburton, St. George's Parish was our spiritual leader. He stressed that since we are made in God's image he has a special regard or love for we humans, even if we tend to stray now and then like many of the great Biblical history, some even murderers but God forgave them. This is reassuring to us, even though it is doubtful if any of us are criminals. As usual we had a very nice after service get together for tea or coffee and those tasty cookies served by our gracious Mary Currah.

Two movies occupied us in the afternoon, - 1. Apollo in ascension, showing one facet of the landing on the moon

technology that was mounted on that bare volcanic island of Ascension in the mid southern Atlantic. As you and we realize such technology is far and away over our comprehension, but it was of interest to learn that some of it did require complete isolation. 2. Morning on the Lievre (a river in south western Quebec) showing two men paddling a canoe on a river, with a backdrop of music and poetry. Such a title is difficult to comment about, which brings us the subject of Quebec's so called unrest and the clamour to change the status quo. Rene Levesque with all his rable rousing is the only French Canadian not content with Quebec as she is. Ever since she threw off the dominance of the church, she and her people are exemplary, so leave her alone. She is the equal of any other province in Canada. Let us hope that Trudeau will never again have the power to tinker further in provincial politics.

We may be subjudice in referring to a forest fire in Northern Ontario officially lit which took the lives of several teenagers. It has always been our feeling that a bush burn is a No No at all times, that it always destroys and never does good. Why not make it an act of the Ontario legislature?

Guild News

by Carole McLean

"Quilt", n. from the Latin culcita, a cushion, a bed cover made by stitching two pieces of cloth together, with something soft between; any bedcover; v. to sew like a quilt.

This is the definition which can be found in any standard dictionary. What it does not say, however, is that quilts are and remain historical catalogues of our lives and times. Today's quilts are usually constructed of new materials which enable the finished product to stand up to wear and handling over a longer period of time. The history of quilts and quilting however varies throughout the world. Originally, quilts were made out of cloth from old, no longer serviceable clothes, in many cases those which held significant meaning to those constructing them, a favourite dress or a particular garment from a loved one.

Quilts were also made to commemorate special events, much as they are today. Quilting bees and the quilts they produced have been in progress for many, many years. They were and remain in most cases a main source of community entertainment and involvement. The quilting bee was held to welcome new babies, new brides, as well as being a social function, with each member of the family or community contributing a special piece of material reminiscent of a special day in the life of the recipient. Each square being worked on by that particular person was then embroidered with their name and the date, thus passing on to the new bride a record of her life and friends to take with her into her new life.

Traditional patterns in quilting still prevail to this day; the log cabin pineapple and colonial woman as well as many ethnic patterns. However, there are also many new and creative designs being developed by dedicated artisans, that reflect our times and will one day be regarded as a tabloid of our era.

If you are interested in viewing quilts and learning more about this beautiful craft, visit the "Quilt Show" at the Rails End Gallery. If you are an active quilter, this Thursday, January 17 from 10:30 - 4 p.m. is the day for you. All quilters are asked to bring their work and exchange ideas and techniques or if you are simply interested, please plan to attend. This is open to all.

Pottery Group
Pottery classes have started this week and as we will be working with slips (coloured clays) this session each student is asked to bring five, 4 oz. or 6 oz. containers with them to class. These containers will be used for your own individual slips. In this way contamination will be avoided.

The method of using coloured slips is relatively easy and it will open an exciting and interesting area to all potters. As slips are actually oxide coloured clays they can be used as a decoration on a finished pot.
Example: a bowl, hand built or thrown of a basic white clay body will then have a design applied to its wet surface by (a) trailing; running a thin line around the pot (b) Painting (c) overlay: one colour placed over another (d) graffiti: scratching away the

Guild member Peggy Fawns, Diane Gervais, Guild president Marie Wallace and Guild member Alma Barjarow concentrated on crafting a quilt at the Rail's

End Station Gallery Monday afternoon. The work was part of a quilt show which is now on display at the gallery.

CPR course held at Minden Fire Hall

On January 12 and 13, a Cardio-Pulmonary Resuscitation (CPR) Course was held at the Minden Fire Hall. The 12 successful students were: Luciano Bianconi, Joan Closs, Pauline Franzen, Donald Graham, Gwen Hewitt,

Molly Lawson, Patricia Lea, William Lindsay, Shirley Mitchell, John Muise, Bob Nangle, and Larry VanLieshout.

The courses are sponsored by the Minden Red Cross Branch to teach people the

technique in rescuing victims of heart attacks, drowning and other cases of sudden death. Instructor is Dr. Jeffrey Lodenquai.

All persons who wish to take part in one of these Courses, and all persons who

already have certificates and who wish to be re-certified, are asked to phone the Minden Medical Centre 286-2001.

Re-certification will be in February, while the next CPR Course will be in March.

Senior League

by Linda English

The week began on Monday morning with Fun and Fitness. Mrs. Isabella Avery was the winner at tossing the ball into the bucket with a perfect score of 45. We all had a good time exercising to the music and kicking the ball.

In the afternoon, the ladies went to Crafts to work on their knitting and sewing. We are trying to get more craft items ahead to sell in the showcase and for the next bazaar.

The gentlemen went to play carpet bowling in the auditorium under the supervision of Lloyd Coleman. After a good game, they joined the ladies for tea and cookies in the Craft room.

Rev. David Barker of the Anglican Church in Minden held Communion in the Chapel on Tuesday morning. Mrs. Agnes Taylor played the organ for us while we sang three very inspiring hymns.

It was movie time later in the afternoon. We viewed three very interesting films. The first called Winnipeg - St. Paul Race, took us on a cross country race by snowmobile. The race consists of 552 miles across the roughest country possible between Winnipeg and St. Paul. It takes three days to complete the race

coping with severe weather conditions. The temperatures dipped to 70 degrees below zero with wind chill factor. The \$10,000 dollar first prize makes it all worth while to the winner.

Faces Quebec, showed us the beauty of the St. Lawrence River and the many forests and lakes in Quebec. Quebec's cities are very traditionally French. Horses drawing carriages can still be found on the streets. This province attracts thousands of tourists per year. One of the many attractions is the Quebec Winter Carnival. There is excellent skiing conditions and many bobsledding and canoe races are held annually. The residents enjoyed watching the Quebec farmers making maple syrup in the spring.

The Long, Long Skate told us how the government of Ottawa, makes a skating rink five miles long on the Rideau Canal. It takes 70 men to maintain the rink and there are as many as 50,000 skaters on some weekends.

Tuesday evening was very enjoyable when we were entertained by the Minden United Church Choir. They

DISTRICT NEWS

Carnarvon News

by Yvonne Penny

Bud Thomas is spending a week or so in Civic Hospital in Peterborough having some tests and I hear he is on a pretty slimming diet. Best wishes to him and we all hope he is soon home and feeling better.

Sympathy of this community is expressed to Leroy Eager and his family on the death of his mother in Lindsay.

School buses in all of Haliburton County were cancelled Friday. Our Board of Education is to be commended in this action for thinking first of students welfare, then anxiety of parents. The ice is certainly detrimental to ski slopes, I imagine, and just when they were getting in shape.

June and Ken Bannon were off to sunnier climes last week end and Muriel and Bud Medley have also headed for Panama City since last week.

Anne Marie Vanlieshout has achieved another plateau in her young career, she has received her Red Cross instructor's certificate and her life-saving degree so will probably have a new position for the coming summer.

What a day; slipping and sliding around - all kinds of people arriving in the county to go snowmobiling and ice fishing and many acted very surprised to find we had almost the same weather as our neighbours to the south of us. Lots of puddles on the highways too, and I hear a lot of folks had water in their

basements since the ground is frozen and the water had to find somewhere else to go.

We attended the Progressive Conservative Nomination Convention in Lindsay on Saturday. There were certainly a lot of enthusiastic supporters out in the bad weather to throw their support behind Bill Scott, who received a unanimous nomination to be the Conservative candidate for Victoria Haliburton riding in the upcoming election. Wes Ellis, from Belleville was the guest speaker and told us when people start telling Newfie jokes and calling them Liberal or Torie jokes, just retort that we have the grand daddy of all the Newfies on our side - namely John Crosbie.

Many people are criticizing Joe Clark for not keeping election promises, but if he could see that moving the embassy (for example) would be detrimental to our country, how much better to admit he was wrong and leave things alone. Did you ever hear Pierre or Ed Broadbent admit to being wrong? Pierre's platform seems to be "Elect me and I'll quit" which might be quite worthwhile, but I doubt it!

Elvin and Ruby Johnston and the three Martin brothers have left our country for Ecuador to help out Morley Johnston who is a resident there and is working to improve the lot of poorer people there.

From the United Church

bulletin of January 13 - "Many who can scream at a ball-game or hockey game, usually clam up in Church."

On January 24, which is a Thursday evening, there will be a service of prayer for unity of Christians held at St. Paul's Anglican Church in Minden. Last year, a service such as this was held in Our Lady of Fatima Catholic Church and was fairly well attended. It's great to see all your friends and neighbours sitting together in one congregation and all the clergymen sharing their task. See you there!

Kinsmen Winter Carnival weekend is sure creeping up on us at a rather rapid pace. Business people in Minden are getting geared up for the big event - now let's hope the weather man will co-operate with some good cold clear weather. Don't forget the roast beef dinner sponsored by the Carnarvon U.C.W. ladies to be held in the C.E. Building, on January 26. One suggestion for what it's worth - get some out of town judges for the carnival queen contest - it will be fairer to the girls to be judged by some stranger.

I hear Jamie Chambers is out of the hospital now and being treated as an out patient. Best of luck to you, Jamie.

Little Jamie Bacor is feeling better, but is still confined to bed in traction in Peterborough's St. Joseph's Hospital.

It appears as though some trigger-happy hunter didn't pay heed to this warning. Six road signs in a row along Highway 121 near Loon Lake have been blasted by shot-guns. Every sign that was vandalized was on the north-bound lane.

Coboconk News

Sheila Lake

On Thursday afternoon, a group of ladies surprised Olga and Roy Weaver when they called to see their new home. It was a surprise to them, though daughters Faye and Merle were aware of the upcoming visit. A gift of money had been collected, by the Ladies Missionary Group, as well as others who wished to give, and this gift along with a couple of wall plaques were presented to Olga by Ethel Farrow on behalf of the well-wishers. There were a lot of Oh's and Ah's as the folk viewed the river and remarked on the spacious-

ness of their new home. A time of visiting and fellowship was spent over lunch and a cup of tea.

Although this is a stormy day, hockey players, parents and fans are off in different directions to play their several games.

Margaret James who has been in Lindsay hospital underwent emergency surgery on Thursday.

Art Bartlett underwent surgery a week ago to correct a gall bladder problem and an appendix problem. He is the general manager at the local I.G.A. If you wish to

drop him a card of cheer, his address is Apt. 3, 58 Peel St., Lindsay, Ontario. Our get well wishes, Art.

Mr. and Mrs. Richard Bradamore and girls of Oshawa, and Richard's mother, Mrs. Jack Bradamore of Little

Britain were Sunday visitors of Mrs. Tom Rutter and Garnet and Mrs. Cora Lake. Richard and Carol later went on to the Haliburton area to visit Carol's relatives there.

To who ever is responsible, a hearty thanks for finally

giving us back our street lights. From our corner east on up the hill we have been without lights for at least three weeks. Phone calls by several families affected, to a number of people, finally got us the necessary repairs - or

and Bernice Maughan were in Peterborough recently.

Mrs. Irma Dunford and Mrs. Iris Mumford motored to Sault Ste. Marie last week for a few days to visit their sister who is ill.

We're glad to hear Gord Bryan came through his operation alright. Just take it easy now.

Bingo has been resumed in most of the halls this week. I'm sure a lot of the ladies will be happy.

Congratulations to Eldon and Elsie Sibley on the arrival of their first grandson on January 12. Parents are James and Wendy Fielding of Toronto. The wee man weighed in at 9 lbs. 5 ozs. This is a first great grandson for Mrs. A. Sibley.

whatever the problem was - is now remedied. Thanks so much!

Mr. and Mrs. Ben Farrow visited their Aunt Nettie, Mrs. Charlie Farrow at Canington last Sunday.

Belated 30th Anniversary greetings to Revell and Lorraine Bradimore whose anniversary was last week. Those who make it that years in wedded bliss are becoming fewer and fewer.

Cont'd, page 10

Senior League

From page 8

presented their Christmas program to us. These people have marvelous voices and we were very pleased to have them sing for us. Melissa Stevens played a flute solo, and also accompanied Norma Baron who played the piano. The group along with the accompanists put on a lovely performance and we're looking forward to their next visit.

Wednesday was a regular day with Fun and Fitness in the morning and crafts later in the afternoon.

The Kinettes of Minden brought a delicious variety of sandwiches and tea breads for the afternoon tea party on

Thursday.

The Kinsmen came later on in the evening to call the numbers for the weekly Bingo game. We would like to thank this group for their kindness.

We had a real good turnout to Fun and Fitness on Friday morning. Mrs. Lansfield was top bowler with a score of 40. Mrs. Morgan, who was visiting one of our residents, joined in our game of kick the ball. It was a good session,

and everyone had fun while getting their exercise.

Grace Colburne accompanied by Lucille Clarke led the Sing Song later in the afternoon. We sang some familiar hymns and favourite old songs.

Mrs. Ida Schell is off to Edmonton, Alberta, Friday to visit her granddaughters. It will be quite an experience for her as this is her first visit to Western Canada. We hope Ida has a terrific time.

clay slip to reveal the white clay body beneath. (c) Transfer design.

After bisquing, a clear alkaline glaze is then applied, which enhances the coloured slips and leaves a hard shiny surface. For the not so venturesome potters there will also be standard glazes.

Weaving Groups

The weaving group is once again in full swing. Their opening meeting held last Thursday was also an evening of entertainment, slides were shown on the 1979 show on weaving held at the Gibson House a museum and display centre in the Willowdale area. Because of foul weather only nine people attended.

The weaving group have also planned their project for 1980. This project deals with making a colour gam and consists of a six colour warp in cotton, which is then woven in 2" sections of each of the six colours, producing a range of 22 colour combinations which then can be used as a reference for further projects. This project begins next month.

The weaving group have asked me to extend an invitation to all interested persons to attend their meetings, held the second Tuesday of each month at the Ralls End Gallery at 7:30 p.m.

Ontario

TO PROPERTY OWNERS AND TENANTS

(With the exception of the following municipalities: City of Peterborough, Town of Lindsay, and the Townships of Laxton, Digby and Longford, Manvers, Glamorgan and Cardiff)

Notices of assessment for the year 1979 for purposes of taxation during the year 1980 were mailed on January 7th, 1980 to all property owners and tenants pursuant to the requirements of section 40(1) of the Assessment Act.

The last day for appealing the assessment is February 12th, 1980 and the assessment roll may be examined at the municipal offices during regular business hours commencing January 22nd, 1980.

Kinmount Korner

by Millie Moss

Greetings once again from snowy Kinmount. Take it easy on the snow shovelling.

Prizes at the C.W.L. Euchre party in Kinmount, Tuesday evening, went to Ruth Menard, ladies high; Marion Sweetland, ladies low; Hugh Phillips was the gent's high; Leonard Hughes low and Nora Brandon held most low hands.

Norm and Bertha Bamford spent their Xmas in Toronto. Clara and Ambrose Watson were in Oshawa for the New Year at the home of Sharlene Fountain and enjoyed dinner New Years day at the Phil Watson's in Oshawa.

Clara and Ambrose Watson, Kinmount, by the way were busy folk over the holiday season with lots of company consisting of Sharlene and Steven Fountain, John and Pam Jones with daughter Christine; Murray and Marg Watson, Toronto; Autumn and Wendy Watson and three great grandsons, Orono.

On the occasion of Lorrie Moss' birthday, there was a dinner party held at our house this week. Guests were Mary L. and John Pyke; Bill and Jason Moss of Norland, Ida and Clyde Parry of Cobocok; Bill and Win Weilsen, Kinmount; May and Bill Campbell of Miami, Florida. We all had a very nice time and May and Bill Campbell stayed with us for a few days.

Tory Hill

from page 9

Mr. and Mrs. A. Stamp spent Saturday in Lindsay with their daughter Sheila and family who have now purchased a home on the lake at Cameron.

We were sorry to learn of the fire in which Don and Valerie French and children lost all their belongings last week. There are places where you can leave your gifts for them and this would be much appreciated.

Cobocok

from page 9

If you have a fussy cat or dog, mix several flavours together. This will eliminate throwing out the food your dog or cat does not like.

If your wine carafe or vinegar cruet looks cloudy, fill it with water and add a little ammonia. Let it stand overnight, then rinse in hot water.

It was so nice to be remembered by the Echo with a real good pen. The Sheaffer pen you sent me at the end of the year does, indeed, work much better than the "cheapie" ones! Thanks for your thoughtfulness!

We drove them back to Toronto on Tuesday and visited with Bonnie and Jim Walker, Eston, and Millie and Peter Cruickshanks of East Toronto. May and Bill will fly back home on Thursday.

On our way home from Toronto we came upon a very bad fire where at least four trucks were in attendance with lights flashing. It was around midnight, on Kennedy Road & Steeles Avenue and sure presented an eerie sight from a distance.

There is a young man in

Toronto suburbs who is the owner of one of nine Cobra's that Shelby designed for drag racing. Jim purchased the car in 1965 and among his many cups and plaques he can also lay claim to winning the Indianapolis Nationals and the N.A.S.C.A.R. gold cup. The Cobra has a high performance 289 cubic inch engine. It's one beautiful machine and we've seen it many times. Jim does not wish to sell the car, but would be pleased to hear from anyone interested in renting it for use in commercials, films, pro-

motions, etc. You could contact me at 488-2399, Kinmount, and I could put you in touch with the owner. The Cobra has been in many car shows along with the races and Jim has informed me he'd be pleased to drive it or someone else to drive it in the next Labour Day Parade in Kinmount. I am not sure who is in charge of this parade, so again, if you are interested, please let me know.

I hear John Grozelle was home for the holidays, but has returned to the hospital. Welcome home from Cali-

fornia Bill and Win Wilson.

While we were visiting in the city over the new year we received word that a niece of ours had a second baby daughter born in the early hours of the first day of 1980.

Chirstina is a tiny blonde bundle who was the top celebrity of Scarborough Centenary Hospital, being the first born in Scarborough this year. Much happiness to all.

You'll no doubt be pleased to learn of the revised hours of our Kinmount bank. They are Monday, Thursday and Friday until further notice and in effect from January 14, 1980 with the usual banking hours.

Euchre results at Galway Hall this week were Nancy Hutton with ladies high; Muriel Nightingale, ladies low; Jim Nightingale held

most lone hands, Harry Stuart was men's high and Ken Young with the low. The Galway Euchre Club would like to thank the ladies of the Legion for joining them.

A number of the younger children have come down with colds and in some cases flu. Get better soon, all of you, so you can get back outside, to the snow.

Ida Young has also run head on into a buy and has a cold and a sore throat.

I also had a phone call which contained a very thoughtful deed to me. Thank you very much Dave Crichton. I'll be looking forward to your monthly newsletters.

I also had a phone call today from Harry Cowen of Haliburton. I'm pleased to hear you're interested in the column Harry and hope you were able to find out re the

cigarette packages. Let's hope Extendercare receives its wheel chair very soon.

Vi Crego fell at a store in Minden a week ago and will go for x-rays today as previous severe swelling prevented earlier treatment. Hang in there, Vi.

All best wishes to Ivan Jones in Ross Memorial Hospital in Lindsay.

Ruby Schell is spending a few days in Toronto visiting her sister with Dick and Ruby Holbrook.

The next A.C.W. meeting will be held at the St. James Church Hall in Kinmount at 8 p.m. January 16.

A number of Kinmount friends along with Mr. and Mrs. Bill Webdale of Cameron dropped in on Mrs. Phyllis McGrath on Wednesday, January 9. The occasion being Mrs. McGrath's 84th birthday. There was a lunch with cake and ice cream and a very nice visit for all.

Welcome is extended to Mr. Helmut Bretschneider, his wife Debbie and their twin sons who have purchased a new home on Lake Breeze Road just south of Rosedale. Mr. Bretschneider was park superintendent at Sudbury, prior to moving to this area. He is now the new park superintendent at Balsam Lake Provincial Park at Cobocok, having started his new position in July 1979. We hope you and your family will be very happy here for years to come.

Speaking of these provincial parks: we should have more of the same. When you think of how our population grows in the good old summer

time, it sure would be nice to see our tourist people stop and "bide a wee" instead of going on because of lack of accommodation. I know whereof I speak, having been in the hotel business in Cobocok, for a number of years. It would also help cut down on our unemployment as more often than not, the local people get the jobs in helping keep the parks clean, painting, driving etc.

Recently, Joyce Hills of R.R. 1 Kinmount, was on te receiving end of a very frightening morning. Her husband Jack, had left the house when she smelled fire.

Upon checking, she discovered a very bad chimney fire. Not knowing the number to call she dialed operator and kept getting recordings as at that time our "Ma Bell" was out on strike. Joyce got the dogs out from the house and phoned Betty Lonsdale who called for help. In the meantime, Ernie Anderson and Lucky Taylor went out to the house and threw salt on the fire. The fire truck was very prompt in arriving and reported all under control. They stayed for awhile to be sure and luckily they did as the fire started up again, lower in the pipes. Joyce and Jack had a big mess to clean up, but otherwise all is well.

Guests recently for a few days, from Toronto at the home of Joyce and Jack Hills were Mr. and Mrs. R. Vogt.

Did you know that ginseng is a weed that grows right here in our forests? Last November it was worth \$100. to \$250 per lb. and last week you could buy a pound for half

an ounce of gold. I hear that China and Soviet Russia are buying as much of the weed as they can. Apparently, it can be used as a health food; rubbed on for pain; you name it! Maybe we can start a new industry???

Thank you very much for your kind remarks on the column, Joyce. Especially nice, when, as you say, you "cut your teeth on printers' ink"

Congratulations to Ernie and Vivian Anderson who recently celebrated their 50th wedding anniversary.

"To sit alone with my conscience is judgement enough for me". With that thought in mind, I'll be here again next week, I hope, same time, same place. Call me at 488-2399 if you know something I don't know. Let us all in on it.

I've been asked for more recipes so I will try to accommodate next week.

I just got word - Vi Crego's x-rays showed no broken bones, but a very bad sprain. With the rain helping to make ice, take real care out there. We're just into the second week of the new year, so start off on the right foot.

Another flash - our man at the bank, here in Kinmount was on his way over here this morning, when his car started to slide and he almost ended up in Shadow Lake. He said it was a sheet of ice and he couldn't do a thing about it. I know the feeling because that's the way it happened to us before Xmas.

Wilberforce News

by Winnie Schofield

Last week we told you about the good fortune of Don and Valerie French with the arrival of their son Averal James just before the New Year. Since that time their luck has changed. A fire took their home and its contents.

They have lost everything. The good people about town have been busy rounding up wearing apparel for the family. On Thursday evening at 7:00 there will be a benefit get together in aid of these unfortunate neighbours. At the Lloyd Watson Memorial Hall. We know you will welcome this opportunity to lend a hand. If for some reason you are unable to attend at that time, articles may be left at the home of Jackie Scott. There is nothing that these people do not need. We appeal for your assistance.

There is lots of activity at the curling club this season. Next week-end January 18 and 19, the rinks will be taken over by the O.C.A. Masters Competition. You must be 60 or over to take part in the games. Visiting teams will be welcomed. Rinks are expect-

ed from Haliburton, Lindsay, Kirkfield, Peterborough and other areas. The winning team goes on to Fenelon Falls for further competition.

Our oldest resident Mr. Arthur Cook will be celebrating his 96th birthday on January 22. Mr. Cook is in good health. He is a long time resident and could probably fill a book with experiences gained during his long life among us. I think he would be happy if he were to receive lots of birthday cards. The address would be Wilberforce, Ontario.

The A.C.W. members held their first meeting of this year at the home of Sylvia Cameron. A goodly number of members were there to work on two baby quilts that will be sent for missions. President Eileen Agnew was sorely missed. She is such a splendid worker and could always be depended upon to accomplish the work of two. Mrs. Ethel Mitchell read a thought provoking article to the assembly. The meeting next month will be held at the home of Millie Ross.

Welcome to Ruth Hopwood who will be writing up the Harcourt News. Harcourt is a bustling community and Ruth will find plenty of interesting events to record.

You may not have noticed that among the evening courses being offered by Sir Sandford Fleming College is one that would be of interest to Monmouth residents because it is being held in the Wilberforce Elementary School. This is on Gardening - Spring Preparations and the

instructor is Greg Brooking, owner of the Northland Nursery. The classes begin Monday, January 21 and run for six sessions. Time 7:30 to 9:30. You will learn all about growing, fertilizing, pruning and a variety of other good gardening techniques. The fee is \$15 and the registration form is in your Haliburton Echo.

The nomination convention of the Federal Progressive Conservative Association, held in the Lindsay Collegiate

on January 12, drew 618 people. Six inches of snow had fallen making miserable driving conditions but this did not deter loyal supporters.

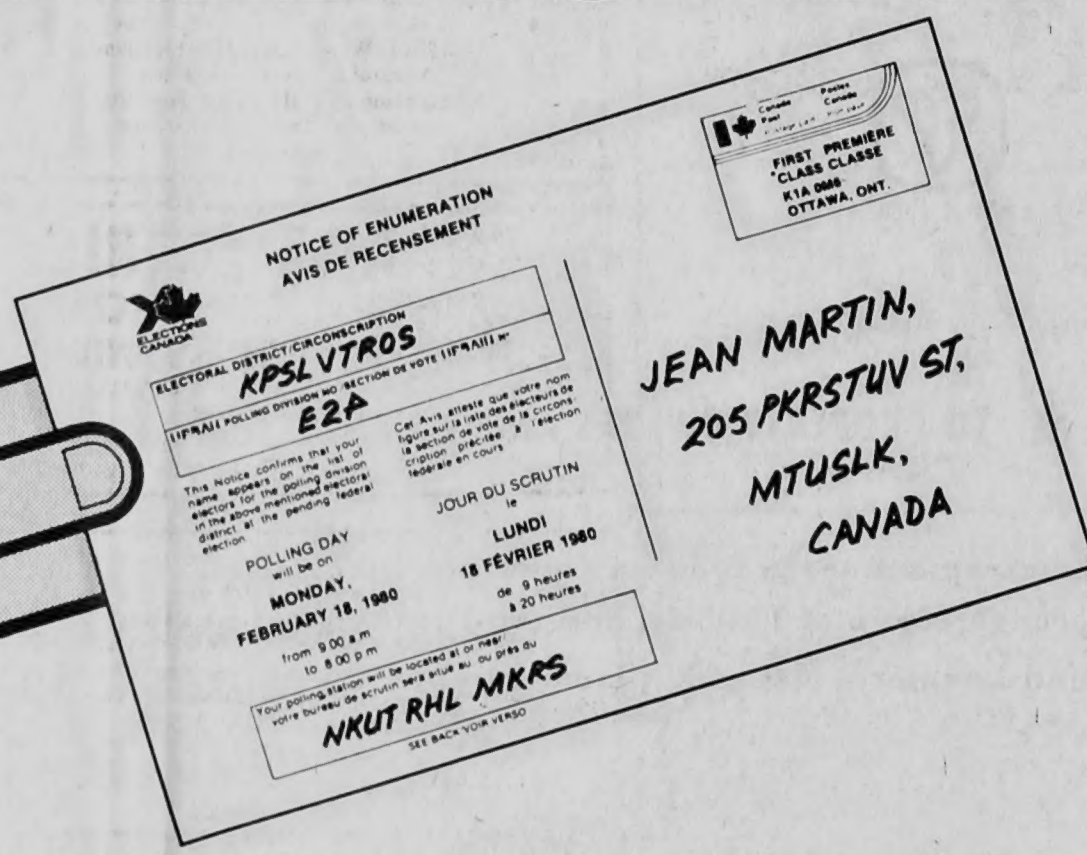

There being no contenders, how could anyone better the record of Bill Scott who has contributed a one hundred percent effort for his constituents, Bill Scott retained his office of candidate for the Victoria-Haliburton riding.

Guest speaker of the day was Jack Ellis, member of Parliament from Belleville.

(KEEP FOR REFERENCE)

HAVE YOU GOT THIS CARD?

If not, you may lose your right to vote FEBRUARY 18TH!

ARE YOU ELIGIBLE TO VOTE?

Yes, if you are a Canadian citizen, age 18 or over, and were residing in Canada on December 31, 1979. You will already have received your Notice of Enumeration Card in the mail, if you were enumerated for the last General Election. This card confirms that your name is on the Voters' List for the February 18th Federal Election.

YOU MAY NOT HAVE RECEIVED YOUR CARD IN THE MAIL BECAUSE - Since last May 22nd...

- You've moved
- You've turned 18
- You've changed your name
- You've become a Canadian Citizen
- You were not enumerated for the last General Election.

IF YOU HAVE NOT RECEIVED YOUR CARD-

Check this list of phone numbers.

If you don't have the above CARD, call (collect if necessary) the phone number shown.

Elections Canada is Parliament's non-partisan Agency responsible for holding Federal Elections, under the direction of the Chief Electoral Officer of Canada, Mr. Jean-Marie Hamel.

Published by the Chief Electoral Officer of Canada.

Norland Notebook

by Barbara Maunder

Because New Year's Day this year fell on the first Tuesday of the month, Township council met, instead on Tuesday, January 8, in the Municipal Office with all members present except councillor Riordon.

Council endorsed the petition of the Township of Somerville calling on government agencies and caterers to buy Canadian meat and the petition of the Township of Verulam calling for a site charge to be levied against trailer parks. The township is to apply for final subsidy on expenditures made under the Highway Improvement Act in 1979.

The floor plans for the new post office in Norland were received and filed.

By-law #1-80 authorizing the Reeve and Treasurer to borrow such money as may be necessary in 1980 was read three times and passed as was By-law #2-80 appointing a Community Centres Board for 1980 was read three times and passed. The Community Centres Board consisting of Dave and Beverly Graham, Mike Riordon, Brenda Greer, David Lee, Stuart Morton, John Eason, Laura Gaunt, Grace England, Jesse Buxey, Phyllis LeCraw, and Barbara Maunder is responsible for the management of Norland Community Hall and Ward Memorial Park.

The Road superintendent was instructed to look at the trees on the Government Dock Road and take the necessary action. A by-law is to be prepared for the next meeting setting minimum bills at \$10.

Notices regarding dog tags are to be placed in Lindsay, Thursday Post for two weeks. Jim Boyce, John Maunder, Gord Lywood, Mickey Vanier, Roger Gostlin, Jim Brown, Fred Patullo, Bob Robertson, Arnold England, Brad Watson, Vern LeCraw, Ron Chynoweth, Harvey Greer, Norm Graham, John LeCraw, Chris Batty, John Eason and Len Greer were appointed members of the Volunteer Fire Department. A revised fire protection is to be drafted and sent to Somerville and Lutterworth Townships for their consideration.

For the second time within ten years, Stanley Stewart was installed as Worshipful Master of the King George V, Masonic Lodge, Cobocok on Monday, January 7; an honour indeed!

Executive members of the Five Churches of the Cobocok Pastoral Charge are reminded of the Official Board Meeting on Thursday, January 24, at 8:00 p.m. in Knox United Church Hall, Cobocok.

I hope that you have taken the time to write to our MP member Bill Scott and tell him how unhappy you are with Canada going metric. Very shortly metric milk will be appearing in our grocery stores and although the new litre containers will hold 12 percent less, consumers won't be paying proportionally less. Because paper machines have to be converted, business forms must be revised and more paper is needed because of smaller litre sizes conversion is costly. Changeover begins in Ottawa January 21 and in

Toronto between February 24 and March 26, while Northern Ontario is to convert in May. There will be fewer container sizes available - the basic metric sizes will be 250 and 500 millilitre containers and the litre (about 32 and a half ounces). Three quart jugs as well as pouch packs in Imperial sizes won't be phased out until 1982. But all of this still leads us to ask why we need our milk in metric packages. It will not be a saving and much more confusing to comparison shopping. Another way to raise the cost of living which we certainly don't need at this time.

Glenna Fountain, youngest daughter of Everett and Leona Fountain spent the past week holidaying with her parents on their farm near Hilton's Point, Head Lake. Glenna now resides and is employed in Barrie.

With weather like we've been having lately, it's nice to hear that someone like the Mike Riordons, Head Lake are holidaying and enjoying, we hope, pleasant sunny weather in Antigua.

The Norland Bowling Team completed game 8 or series 2 on Wednesday, January 9. Teams scores were W. Landry - 40 pts., T. Watson - 36 pts., R. Bryant - 25 pts., M. Angiers - 30 pts., H. Smith - 28 pts., M. McAllister - 21 pts., J. Boyce - 16 pts., and P.

Purcell - 13 pts. Ladies high single and triple - Linda Purcell 268, 574. Men's high single Adrian Lee 232, high triple Harry Smith - 559.

How lucky can you get? Once again Jim Boyce was the winner of the Norland Firefighters Hockey Pool on Saturday, January 5.

Volunteers are needed to help with a "Meals on Wheels" program that is being undertaken in Cobocok. The project at this time is to supply one meal that would be prepared and delivered by volunteers once a week to widows, widowers and elderly people who live alone and only one person to cook for or are too ill to cook a nutritious meal. Ladies are needed to cook one or two mornings a month or to volunteer as drivers to deliver the meals. The group will also appreciate any financial assistance to purchase such items as styrofoam plates, carrying boxes, hot packs, foil, etc. Co-ordinator, Mrs. Valerie Shepherd (454-3744) would be most pleased to hear from anyone who could assist in any way. This is a most worthwhile program and I hope that many will give Mrs. Shepherd a call and offer to help.

Helpful Hint: While cooking vegetables that give off unpleasant odors, add a small amount of vinegar to the cooking water.

SCORESHEET

from page 6

Tri-County Peewee, played at Haliburton on January 12. Bobcaygeon vs. Haliburton team #1.

First period: Haliburton scored three goals in a row at the 8:19, 6:22 and 4:39 marks. The first was scored by Eoin Ross unassisted, the second was scored by Jeff Chambers assisted by Miriam Smith and the third was by Ross unassisted.

Second period: Jeff Chambers scored for Haliburton at the 9:31 mark assisted by Chris Harrison and Smith. Bobcaygeon then scored at 3:54. With five seconds left in the period, Haliburton's Harrison scored unassisted.

Third period: With ten seconds left in the game, Harrison scored unassisted.

Final score: Haliburton team #1, 6, Bobcaygeon, 1.

Tri-County Atom, played at Haliburton on January 12. Haliburton vs. Beaverton.

First period: Beaverton scored at the 3:44 mark.

Second period: Beaverton scored four goals in a row at the 6:18, 2:52, 0:34 and 0:14 marks.

Third period: Beaverton scored at 10:34. Haliburton's Andy Cooper scored at the 2:52 mark assisted by John Doherty and Charlie Franklin. Beaverton scored the final goal of the game with eight seconds remaining.

Final score: Beaverton, 8, Haliburton, 1.

Chatting with Irene

by Irene Moore

Trying to come up with a newsy column when we've had rain on Friday and I mean rain, snow on Saturday, then mild on Sunday and the promise of rain on Monday and continuing mild for most of the week, is like a dentist trying to pull wisdom teeth.

No person wants to go anywhere. No one wants to visit here for we have no snow for ski-doo or skiing. In fact, we are as isolated as if we were snowed in. This makes it very hard for those of us who do columns so we have to pad our columns a bit with hints or recipes or poems. Forgive us this week and maybe next week will be better?

Mrs. Edith Welch and Miss Carrie Jones spent the long holiday with Mr. and Mrs. Ron Welch at Frankford.

Don't throw out your lemon or orange rinds! Peel them, then place the peelings in a plastic bag in the freezer. When you wish to use them they are much easier to grate and often can be used for a cake, etc. this way. This way you don't have to grate a fresh orange and they grate so easy frozen, it saves time and fingers, hurrah for that.

Mr. and Mrs. Clare Brown have returned home after their trip through Northern Ontario and Northern U.S.A.

The A.C.W. will have their Thrift Shop open at the Parish Hall on Friday, January 18 from 2 p.m. - 4 p.m.

I am giving you a recipe this week that a number of ladies wanted after tasting it, at a party last week. It is from my Old Nova Scotia Cook Book and very easy to make.

Carrot Bread:

1 cup shredded carrots,
1 cup seedless raisins
4 tspn. butter
1 1/2 cups white sugar
1 tspn. nutmeg,
1 tspn. powdered cloves
1 tspn. cinnamon
1 1/2 cups water
2 cups all purpose flour
1 tspn. baking powder
1 tspn. baking soda
1 tspn. salt.

Mix the carrots, raisins, butter, sugar, spices and water in a saucepan, bring to a boil and cook for 5 minutes; cool then add flour, baking powder, soda and salt. Combine thoroughly, bake in greased loaf pans for 1 hour at 350 degrees oven.

Very Good.

Mr. and Mrs. Frank Addison and family visited with Mrs. John Hewitt on the weekend.

Don't forget the Kinsmen Winter Carnival is only one

and a half weeks away and they will be choosing a Carnival Queen for the weekend of January 26 and 27. I sure hope we have some snow left for then.

Mr. and Mrs. Don Hall are visiting in Australia at present. While there they will spend some time with Mr. and Mrs. Lewis Hewitt as well as with the young lady who was the exchange student here a few years ago.

Mr. and Mrs. Taylor Hogg spent the weekend with Mrs. Lily Hogg.

Winners at the Mini Card Party last week were for Cribbage - Joyce Hewitt and Diane Stevens. Euchre - Lone hand and high score - Bill Elcome and Charlotte O'Neill.

Mr. and Mrs. Alex Beattie of Richmond Hill visited relatives in the village on the weekend.

I was talking to Ivy Bolton on the weekend and they enjoy their weekends at Lutterworth Pines very much.

I received my notice of enumeration last week and when I noticed how it was addressed, it got my hackles up. If there is one way I dislike being addressed, it is Ms. I am a Mrs. not Ms., and if they cannot take the time to put the 'r' in, why not just call me Irene. I hope I never receive another Ms. again. If I do it will be thrown out and fast. I notice they took the time to put the Mrs. in front of the name of the lady whom we contact regarding the revision of the list.

One thing I have noticed is that we are not being bombarded on T.V. with all the election talks. I sure hope it continues for we had enough of that last spring.

On Monday, January 7, the United Church Women held their first meeting of 1980 at the Church Hall. A good crowd was in attendance and Mr. Robert Herlihy showed slides of his visit to the Holy Land.

Mrs. Don Berry conducted the meeting and it was decided to change the meeting night to the first Wednesday of each month.

Several other dates decided on were the summer dinner - July 16 and the Christmas luncheon and ba-

zaar, November 21.

Please put these dates on your calendar so no one has a conflict of dates and remember that the next meeting will be on Wednesday, February 6 at 8 p.m.

Before you put the meat you bought on sale, in your freezer, remove the store wrap and rewrap in foil or freezer bags. It keeps so much better!

Adios and take care now.

Dorset News

by Phyllis Briscoe

- Intended for last week -

"The three hardest tasks in the world are neither physical facts nor intellectual achievements, but moral acts; return love for hate, to include the excluded, and to say 'I was wrong'."

I hope that everyone had a joyous Christmas and a happy holiday and that one and all are ready to face the New Year that we are into. By the

time this is in print, we may have some snow, but it has been the greenest Christmas season in many, many years. We sympathize with those whose business has been hurt by the unusual weather and it doesn't seem normal not to have any snow at this time of year, but the mild weather does make for less oil consumption and it is easier to get around on foot or by car with no snow on the ground. I am sure that we will make up

for it all in the next three months.

We extend sympathy to the family of Hilda Kelsey of Baysville who passed away suddenly on December 16. Our thoughts and prayers are especially with her sister, Miss Blanche Piper, with whom she lived.

We send best wishes for good health to Mrs. Devina MacKay who spent a few days in Bracebridge hospital

Farm News and Views

FARM TAX REDUCTION PROGRAM

The 1979 Farm Tax Reduction Program was announced about November 1 by the Honourable Lorne Henderson, Minister of Agriculture and Food. At that time it was hoped that details of the program and application forms would be mailed to farmers by the end of December.

Unfortunately, technical difficulties have been encountered in the processing and mailing of this information. We do not believe any farmers in Victoria or Haliburton have received their application forms yet.

It is hoped that all farmers in the counties will receive this information within the next six to eight weeks, so farmers should not become concerned that they have been overlooked until late in March.

In his announcement, Henderson indicated that the rules of the program were the same in 1979 as in 1978. The main eligibility criteria is that there was agricultural production with a value of at least \$4,000 on the farm during 1979.

The deadline for applying for the 1979 tax rebate will be December 31, 1980.

EAST CENTRAL FARM CONFERENCE

The annual East Central Farm Conference is being held this week and next. Five separate conference programs will be held for farmers in Durham, Ontario, Peterborough, Victoria, Haliburton and surrounding counties.

The conference opens with

Soil and Crop Day on Tuesday, January 15, with the program being held in the Conference Room, Lindsay Agricultural Office. The theme for this day is "Machinery Concerns for the 80's."

The Dairy Day program will be on Thursday, January 17 with the theme "Dairy Concerns for 1980". This program will also be in the Lindsay Agricultural Office.

Tuesday, January 22 will be Beef Day and will be held in Lindsay. "Marketing Our Product" is the theme for the program and will include sessions on marketing cows and calves, stockers and feeders as well as finished cattle.

"Sheep are on the Move" is the theme for the Sheep Day being held on Thursday, January 24. This program will be held in the Conference Room, Agricultural Office, Lindsay, and will be of interest to both experienced and novice sheep producers.

Also on Thursday, January 24 the Pork Day will be held at the Rock Haven Motor Hotel in Peterborough. A variety of

subjects of interest to Pork Producers including feeding and management tips are included in this program.

Each of the five sessions starts with registration at 9:30 a.m. and the programs conclude by 3:30 each afternoon. Lunch will be available at each session.

The East Central Farm Conference is planned and co-ordinated by the East

Central Soil and Crop Improvement Associations, Cattlemen's Associations, Milk Committees, Pork Producers' Associations and Zone 4 of the Ontario Sheep Association, along with staff assistance of financial support from the Ontario Ministry Agriculture and Food.

Further information on the conference program is available from the Lindsay Agricultural Office.

Glamorgan meetings held

A special meeting of Glamorgan Council was held in council chambers Thursday, December 13, to discuss estimates for drawings for a community centre and deal with other issues requiring attention prior to the next regular meeting.

The Township garage was made available for fixing and decorating Xmas float.

After discussion of written estimates provided by Campfens Greer Galloway Assoc. and Totten Sims Hubicki Associates Ltd. it was agreed that a committee be struck to meet with consultants regarding the Community Centre. The Committee will make recommendations to Council on choosing a consultant. Committee members are: Ken Maguire, Al Holt, Betty A. Barr, Myria Stoughton, Ivan Hunter and Elva Bates.

The name of bank account 5047-749 was changed from "Park Fund" to "Community Centre Building Fund."

The clerk was permitted time off December 24, 1979 to January 4, 1980, inclusive using vacation and sick time credits.

The invoice from Graham's Shell will be paid for dinner

Dorset News

from page 11 recently.

Five of our local Ranger girls made a sacrifice in order to contribute something in honour of the International Year of the Child. The girls, Teresa Eaton, Kathy McLennan, Kathy Lewis, Terri Lord and Lynda Clark went on a 40 hour fast and earned pledges that amounted to over \$200. The girls plan on making a donation to the children's ward of the Huntsville hospital. Congratulations, girls.

The sympathy of the community is extended to Mrs. Veronica Anderson, whose mother passed away after a short illness, on December 15. Her mother was Mrs. George Wadel of Teeswater, Ontario.

Margaret Bordeau, Violet Sampson, Vi's daughter and her husband, Ila and Ernie Griffin and their son Eddie, all of Oshawa, paid a visit to their families in Dorset on Boxing day.

"Procrastination is a sin which leads to certain sorrow, but I can stop at any time - I think I'll start tomorrow."

Well the children are back in school and everyone is back to the routine of every day living, going to work or doing the chores at home. The numerous parties and dances that were prevalent over the holiday season are over for a while and the quietude of

winter has settled over the countryside. The snow is still absent at this writing and although the lakes are frozen over people are cautioned to be very careful in venturing onto them. We are wishing for everyone a safe and happy year ahead and we don't want any casualties due to carelessness. There were numerous out of town visitors to the area over the holiday season and many family gatherings. We were especially happy to learn that Rose Crozier was able to be out of the hospital to be with her daughter in Dorset for Christmas.

The Dorset Senior club has gotten off to a flying start with two meetings this week; a committee meeting on Monday and a general business meeting on Wednesday.

We wish to congratulate Mrs. Elizabeth McEachern who celebrated a birthday on December 29. Mrs. McEachern was 89 and was happily surprised to have members of her family appear on the scene to put on a party. Her son Myrell and his wife Margaret, along with their children and grandchildren came in from Huntsville for the occasion. Mrs. McEachern was presented with some lovely red roses and a hanging lamp, among other gifts.

I appreciate people calling in news items. Please continue to do so 766-2237.

Huskies win in weekend games

from page 6

last weekend the Huskies in Haliburton. But with the wins last weekend and the tie for first, the momentum the Huskies seem to have started might be hard to stop.

Captain Joe Roberts continues to lead the team in points with 51 from 17 goals and 34 assists. Dave Brown has 22 goals and 25 assists for 47 points, and Chris Hodgson has 20 goals and 23 assists for 43 points. Craig Wood, goaltender, has a goals against average of 5.5 per game.

The Huskies, tied for first place with Bancroft, now have 11 wins and seven losses for 22 points, while Lakefield, in second place has 18 points. Bewdley is still sitting on bottom with eight points.

Kilmount, Ontario. K0M 2A0.

DECEMBER 18

A regular meeting of the Glamorgan Township Council was held in Council Chambers on Tuesday, December 18, 1979.

The treasurer was authorized to transfer \$34.85, deposited in error to Gen. Acc. #1004-231, to the Community Centre Building Fund Acc. #5047-749. The Parks and Recreation Board was authorized to direct the treasurer to transfer excess profits from Community Events in the amount of \$2648.52 from Gen. Acc. #1004-231 to Community Centre Building Fund Acc. #5047-749.

A reserve fund in the amount of \$14,000 will be set aside for Community Centre construction.

The clerk was directed to instruct the Township's solicitor to prepare a by-law to cover conveyances of property as outlined in correspondence from Bishop and Rogers dated December 11, 1979.

Campfens Greer Galloway Architect Engineers were retained to prepare preliminary site plans, specifications, drawings, contract documents and contract administration for the planned Community Centre.

By-law 79-17, a By-law to Write Off Taxes was passed. By-law 79-19, a By-law to authorize an easement to Ontario Hydro, was passed. By-law 79-20, a By-law to appoint a member to the Committee of Adjustment, was also passed.

Draft application for an amendment to the Restricted Area (Zoning) By-law or for consideration of a development proposal was approved as drafted.

Resolution # 3 dated November 14, 1979 was rescinded.

Amendment will be made to By-law 79-14 with regard to hunting camps that they are

exempt from the frontage on an improved public road.

\$7,200 was set aside as reserve for working funds as per 1979 budget.

At a meeting of Glamorgan Township council December 5, the following matters were considered:

General voucher of \$4,576.94; Road voucher of \$7,049.84; Welfare payroll of \$2,010.38; and O.H.R.P. voucher of \$3,660.00 were approved for payment.

Bradley MacDuff was re-instated in his position starting December 7, 1979.

Mr. Goff, representing a Mr. K. Gill will be advised by letter that Council is awaiting a report from the surveyor and no action is taken at this time. Council will advise Mr. Goff when further action is planned.

The first regular Council meeting in 1980 will be held on January 8, 1980, changed from January 2, 1980, council decided.

Betty A. Barr and Myria M. Stoughton were re-appointed as members of the Parks and Recreation Board until November 30, 1981 in accordance with By-Law 78-14.

Council agreed to proceed with a Community Centre with the approximate size of 4,000 square feet and projected construction to begin in May, 1980. Estimated cost for the building \$185,000.

Totten, Sims, Hubicki Assoc. Ltd. were authorized to engage an Ontario Land Surveyor to survey river lot for the proposed footbridge, and to prepare the working drawing for the proposed footbridge.

The offer to Purchase made by Gary Sexsmith for Lot 14, Con. 7, Township of Glamorgan in the amount of \$6,000 cash or certified cheque was accepted subject to approval by the Ministry of Inter-governmental Affairs.

By-law 79-18, a by-law to authorize the Sale of Land, was passed.

Impaired driver hits wall at Minden gas station

A 25 year old Minden man who drove his car through the wall of Minden Texaco early Saturday morning has been charged with impaired driving.

Robert E. Heppleston was eastbound on Prince Street when he drove through the south wall of the service station, causing an estimated \$3,500 damage to the building and its contents.

A 1969 car parked inside the station was struck by debris, resulting in an estimated \$100 damage.

Damage to the 1976 car Heppleston was driving was estimated at \$3,500.

He was taken to Minden Red Cross Hospital suffering minor injuries.

Two Haliburton area residents escaped serious injury Saturday when their vehicles collided near Haliburton Village.

Vehicles act

changes made

MTC announces

Changes to the Public Commercial Vehicles Act providing for a uniform bill of lading, and setting out the terms and conditions of carriage for the movement of general freight, have been announced by Transportation and Communications Minister James Snow.

Snow said the new regulations developed by the Canadian Conference of Motor Transport Administrators (CCMTA) will allow shippers and carriers to use the same uniform bill of lading across Canada.

"This move to uniformity should be welcomed by the motor carrier industry and shippers, not only in Ontario, but by all in the general freight business across the country," Snow said.

The uniform terms and conditions will apply to the movement of general freight as of January 1, 1980, but shippers and carriers will be allowed to use existing forms until current stock is depleted.

Cont'd. page 14

Police say Ronald Petrini, 46, of RR 2, Haliburton was westbound on Highway 121 west of Haliburton and had stopped to make a turn when his vehicle was struck in the rear by another, driven by Faye Schonhoffer, 27, of Haliburton.

Damage to Petrini's vehicle was estimated at \$800. Damage to Schonhoffer's vehicle was estimated at \$1500.

Petrini suffered minimal injuries in the mishap.

A 68 year old Minden area

man escaped unharmed Saturday when the pickup truck he was driving went out of control on Highway 35 north of Carnarvon.

Royce Harrison of RR 2, Minden was southbound when he lost control and struck a number of guideposts on the east shoulder.

Damage to his vehicle was estimated at \$3000.

Damage was estimated at \$3600 in a single vehicle mishap on Highway 35 north of Wren Lake Sunday afternoon.

Police say Joanne M. Buss, 36, of Dorset was southbound when she lost control of her vehicle. It struck some guideposts and rolled down an embankment. She was not injured in the mishap.

A single vehicle crash near Gooderham Friday resulted in an estimated \$1800 damage.

Kenneth Graham, 31, was eastbound on the Tamarack Road when his vehicle slid off the road and struck a tree.

A two vehicle collision on

County Road #1, resulted in an estimated \$3,850 damage early Saturday afternoon.

Police say Wasy Slobodian, 55 of Mississauga was eastbound when his pickup truck collided with a snowmobile trailer towed by William McFarland, 26 of Toronto, who was westbound at the time of the mishap.

Two snowmobiles were thrown off the trailer in the collision.

Damage to Slobodian's pickup was estimated at \$900. There were no charges.

New conservation authority now approved

A conservation authority to serve the Kawartha region, including the townships of Bexley, Somerville and Galway/Cavendish, has received government approval.

The new authority will cover some 2565 square kilometres (990 square miles), encompassing watersheds entering the Trent Canal system from the western boundary of Balsam Lake to the western portion of Pigeon Lake, including Cameron

Lake, Sturgeon Lake, Lake Scugog, the Pigeon River, the Scugog River and Nogies Creek.

Members of the Authority besides Somerville, Bexley and Galway/Cavendish are the Town of Lindsay, the Villages of Bobcaygeon, Fenelon Falls, Omemee and Sturgeon Point, the Regional Municipality of Durham, and the Townships of Cavan, Eldon, Emily, Fenelon, Harvey, Manvers, Mariposa, Ops

and Verulam.

In making the announcement that the Authority had been formed, Natural Resources Minister James Auld said it could "have a strong influence on the character of the region while effectively serving as a voice for local residents in resource management and environmental matters."

The Authority is expected

to be active in flood plain mapping and engineering studies for flood and erosion control projects. Other concerns will be watershed monitoring, a stream gauge network and water sampling along with conservation services and a plan review.

James Auld will speak at the Authority's inaugural meeting Wednesday, February 6, at the Ontario government building in Lindsay.

Ontario architects to offer services

Ontario architects are preparing to contribute to Ontario communities, on a voluntary basis, some of their skills and experience through the Ontario Association of Architects' newly established Program - "A Community Assist for an Urban Study Effort" - (CAUSE for short).

At the request of a community that is concerned about deteriorating environments, or architecture/habitat problems, a team of architects will visit the community and carry out an in-

tensive three day study; they will meet with community groups, get acquainted with local conditions, define problems, and establish possible courses of action. Finally, the team's recommendations are presented to the community at a public meeting.

The purpose is to provide information and stimulus to a community to assist them in solving an identified problem.

The Association says it hopes to carry out a number of studies each year.

Chamber

from page 5

were housed in the school for the weekend. This year they hope to have all the boys billeted in private homes as guests for the weekend and are asking for your help. It is desirable to place two boys in a home and we can guarantee you will enjoy their company and have a ball cheering for their team at the tournaments. It's a great way to get involved in an event that draws over 300 spectators to our area each weekend.

The PeeWee (12 years old) tournament is held on the weekend of January 25, 26 and 27 and the Atom (10 years old) is held on Feb. 8, 9 and 10. If you would like to help phone Darlene McKnight at 457-2235 or Joan Stinson at 457-1110. You'll be glad you did.

Deep snow can be hazard to deer

Deep snow may be heaven on earth to the skiers and snowmobilers but it could mean sure, slow death to many deer in Ontario.

Deer find it nearly impossible to struggle through chest-high snow to reach food. In areas where winter shelter or food supplies are inadequate, they must depend on the Ministry of Natural Resources and interested citizen's groups.

"Last winter was a real test, when Ontario's white-tails struggled through about 90 centimetres (35 inches) of snow over most of their range," said the province's deer program co-ordinator Murray Smith. "The ministry started planning an emergency winter program last December when deep snow was mixed with freezing rain."

Dr. Smith said the deer were also saved by an early spring break-up but attributed the light mortality rate in part, to ministry efforts and the assistance of many sportsmen and clubs in helping Natural Resources in such things as trail breaking.

If required, trails will be broken throughout deer feeding and shelter areas with snow vehicles and large machinery, and browse will be cut near yarding areas to bring food within easy reach of hungry animals.

As an experiment, the ministry is also using supplementary feeding programs under close supervision.

Dr. Smith advises well-meaning Ontario residents not to feed deer hay, grain or other foods not normally available to them during the winter and early spring.

"Sickness or death may be caused by the sudden availability of a different diet," he said.

When movement is severely restricted by deep snow, young deer and pregnant does use up their energy reserves quickly. This results in poor survival of the previous year's fawns and a lower spring birth rate.

"Adult bucks are also vulnerable to exhaustion and starvation if they can't reach food in severe weather," Dr. Smith added.

Changes made

Last winter the ministry used \$125,000 of emergency funding to help Ontario deer to survive. Dr. Smith said weather conditions will determine the need for a similar program but ministry wildlife staff are prepared for the worst.

from page 12

Snow said the ministry intends to introduce further regulations which will adopt similar procedures for the used household goods carrier industry and is setting April 1 as a target date to have them in effect.

MEAT GOES METRIC

Pre-packaged meat products are changing to metric sizes. Use the following as a handy guide to buying pre-packaged meats in metric sizes. These new metric sizes will be used for pre-packaged meats. They are a little larger in each case than the ones you have been used to.

125 g is a little more than 4 oz	375 g is a little more than 12 oz
175 g is a little more than 6 oz	500 g is a little more than 1 lb
250 g is a little more than 1/2 lb	1 kg is a little more than 2 lb

Pre-packaged metric sizes are a little larger than the ones you've been used to.
